

Los Angeles Times LIBERTY UNDER THE LAW TRUE INDUSTRIAL FREEDOM

FRIDAY MORNING, OCTOBER 11, 1929. C

ALL'S CASE IN BALANCE Trial Certain, Say Lawyers

NEW ORLEANS, Oct. 10. (Exclusive)—Having rejected several weeks ago the terms of an agreement to end the street railway strike here drawn up by the American Federation of Labor and officials of the street railway company, strikers today changed their minds and voted acceptance, but it was too late.

NEW ORLEANS, Oct. 10. (Exclusive)—The strike of the 1300 striking motormen and conductors appeared this afternoon in the office of A. B. Patterson, vice-president and general manager of the New Orleans Public Service, Inc., and declared they would accept the terms of the agreement reached some time ago between Mr. Patterson and William Green, president of the federation.

Will Rogers Remarks:

BEVERLY HILLS, Oct. 10. (To the Editor of the Times:—) According to the morning press, yesterday was a day of discovery. Lady and family discovered a lot of buried towns outside of this country. A buried town is one where there is only two oil companies operating filling stations, and the drug store still retains a licensed pharmacist.

BEETLES DESTROY MILLIONS IN TIMBER

SAN FRANCISCO, Oct. 10. (P)—White pine beetles destroyed \$3,000,000 worth of California standing timber last year, the United States Department of Agriculture revealed today, bringing the destruction by the pests since 1921 to an average of 70,000 acres of the timber on 70,000 acres, or \$18,000,000 board feet.

The trees destroyed were, in most cases, on privately owned land.

New Improved Peach Produced

PALO ALTO, Oct. 10. (Exclusive) — A new peach, the product of twenty-years of experiment, was declared perfected today by F. W. Wight, chief of the United States experimental farm here.

The peach is all yellow and possesses the advantages of a small pit and lack of the stringy red substance surrounding it which is objectionable to canners. The new peach is produced by hybridization of two other varieties.

In another experiment, Wight hopes to perfect a cross between the European and Japanese plums.

TRAFFIC BRAINS DIAGNOSE ILLS

Secretary Lamont Presides
Over Experts

Speed Cars and Cut Crashes
Major Problems

Double-Decked Streets One
Method Studied

WASHINGTON, Oct. 10. (Exclusive)—Modern ways of coping with the problem caused by horse and buggy streets in an age of skyscrapers and motor cars today engaged the attention of thirty leading traffic experts, gathered here for the first meeting of the National Conference on Standard Highway Safety.

Secretary of Commerce Lamont called the meeting with a view to bringing together the best brains in the country to standardize congestion relief measures.

NEW METHODS AIED
Although specific recommendations were left to subcommittees which were appointed, today's session developed that large cities everywhere are experimenting with new methods of speeding up traffic and cutting down accident tolls. Among the most successful of these methods, as indicated by the ad-

Mrs. McCarthy Gained 14 Lbs. Taking Sargon
"I have never in my life seen a medicine to equal Sargon; when I commenced taking this new treatment I weighed only 117 pounds, and I now weigh 131—an actual gain of 14 pounds," said Mrs. Marie McCarthy of 364 20th St., San Diego, recently.

The experience of Mrs. McCarthy is identical with that of thousands upon thousands of others—many of them right here in Los Angeles, who have put this marvelous new medicine to the test and proven its wonderful powers. Mrs. McCarthy states further:

"Two years ago my health began to fail me. I suffered with constipation in its worst form and I believe I have taken enough purgatives to start a drug store. I could hardly eat enough to keep alive, and the little I did force myself to eat disagreed with me. Meats and coffee were just like poison to my system, and I suffered such bilious and dizzy spells that I'd often have to go to bed. To add to my misery, rheumatism set in, and my back and limbs pained me so, that often I'd have to be helped along. I was so weak I couldn't dress myself without help. I was low spirited and began to think I'd never see another well day.

"I began to improve from the very first few doses of Sargon, and since I have completed the treatment, I enjoy splendid health again. I can hardly satisfy my appetite and I now eat meats and drink coffee for the first time in two years. Those rheumatic pains in my back and limbs have left me, and I sleep like a child every night and wake up with enough energy to do my house work without getting the least bit tired.

"Sargon Soft Mass Pills are not just temporary purgatives; they go to the source of the trouble and correct it. I am free of constipation and my liver is stimulated for the first time in two years and I am thankful to say that now I don't have to do myself with purgatives. Since the poisons have been eliminated from my system the bilious and dizzy spells have left me. There is nothing too good for me to say about the Sargon treatment, and I will always recommend it."

The Sargon Man is at the Owl Drug Store, 6th & Broadway, where he is meeting the public and explaining the merits of this celebrated new scientific product. Sargon may be obtained at all Owl Drug Stores in Los Angeles and other cities. [Advertisement]

SCENIC or SIGN-IC?
\$3525 IN PRIZES
Four great contests for photographs, essays and slogans concerning the beautification of scenery by objectionable advertising signs. For details, rules and regulations apply to any office of the Standard Oil Company of California or write to 225 Bush St., San Francisco. Contest closes October 20.

BRIDGE HANDS ALL PERFECT

Chance of 10,000,000,000 to One Comes in Game at Michigan Party

SAGINAW (Mich.) Oct. 10. (Exclusive)—That 10,000,000,000-to-1 chance in a bridge game—four perfect suit hands—appeared here this afternoon at a women's bridge party at a tea house, with eighteen witnesses besides the four players vouching for the correctness and validity of the deal.

The cards were shuffled regularly, cut and dealt. Mrs. Hugo F. Worrall, the dealer, gave herself all the diamonds, dealt all the hearts to Mrs. Everett Sweet, who sat at her left, gave her partner, Mrs. Clara Everett, all the spades, and dealt all the clubs to Mrs. Joseph D. Frost. The spades, of course, won the grand slam.

dresser, are two advocated by the Chicago metropolitan area—widening of radial highways and the separation of grade and railroad cross-traffic.

DOUBLE-DECKED STREETS
Elevated and double-decked streets through congested areas and the construction of parallel arteries to relieve the major streets also were discussed as developments certain to come in the future to facilitate traffic movement.

PARKING PROBLEMS
Two factors in the improvement of existing traffic facilities received by far more attention than any others. These were the parking and signal light problems.

STAGGERED SYSTEM
E. M. Gould, Detroit traffic manager, told of a unique staggered parking system which he said has worked in Detroit. On certain streets parking is allowed on one side of the street in one block and on the other side in the next.

PRISON HEAD OF ARIZONA SENTENCED
Wright Adjudged Guilty of Contempt of Court in Letting Prisoner Room

PHOENIX, Oct. 10. (P)—Lorenzo Wright, superintendent of the Arizona State prison, adjudged in contempt of court for allowing a prisoner to live outside the prison walls, tonight was applying to Arizona Supreme Court justices for a writ of habeas corpus to effect his release from custody pending an appeal.

Sale of Local Bonds Blocked
SAN FRANCISCO, Oct. 10. (Exclusive)—City Auditor Boyle formally refused today to sanction the purchase of public-utility bonds of Los Angeles origin by the San Francisco employee city retirement system. Boyle refused to sign a warrant for \$54,825 which the system had set aside from its treasury surplus to purchase the bonds.

Howdy! Yes, Howdy!

Howdy, You! Howdy, All! This Is CLARENCE SAUNDERS Saying Howdy to You

The sun is ever shining for him who loves the sun. The clouds are ever heavy for him who thinks dark thoughts. Be we old or be we young 'tis the smile that counts. 'Tis the good cheer that we put into our work that counts.

Folks, I want you to come and see my new CLARENCE SAUNDERS STORES. They are the most beautiful of any in the entire country. Convenient in every way. No turnstiles to bother you. You may walk wherever you please in a CLARENCE SAUNDERS STORE and you won't get hemmed inside of a place you cannot get out of. There is perfect freedom all over a CLARENCE SAUNDERS STORE. Its beauty—its clean look—its wide assortment of all the nationally known food products—its cheaper prices will make you think there is a new paradise in a CLARENCE SAUNDERS STORE.

BEDELL DOUBLE VALUE EVENT

in a very few
words it means
simply this . . .

A SPECTACULAR DISTRI-
BUTION OF DOUBLE
VALUES IN COATS,
DRESSES, MILLINERY,
FUR COATS, UNDER-
WEAR, HOSIERY, AND
ACCESSORIES.

In Fact It Is The
Effort and Pur-
pose of This Sale
To Offer Double
Values in New
Season Apparel,
Just as The New
Fashion Season Is
Beginning.

The values are here
... with enormous sav-
ings in Women's New
Fall and Winter Ap-
parel.

Certainly it is a simple
matter to realize the
advantages offered in
a sale of this extraor-
dinary importance.

Rarely does any wom-
an have an opportu-
nity at this period to
contact such a spec-
tacular array of price
concessions as Bedell
has prepared for this
impressive Selling
Event.

1000 New Frocks and Ensembles

Transparent Silk Velvet and Silk Frocks
and Ensembles . . . Values to \$59.75 \$28⁷⁵

A most fortunate purchase brings this lovely selection of fine frocks to us. Gossamer silk velvets, crepes, satins and chiffons are developed in modes that emphasize the shorter waist line, the flared skirt and the longer hemline. Every frock is fresh and new and comes from a famous maker, who specializes in frocks that sell regularly at twice this sale price. For evening, street, afternoon and informal occasions.

Velvet and Silk
Suits and Frocks . . . \$18⁷⁵
Values to \$39.75 and \$35

Double values . . . and if you are planning to purchase a frock that combines ex-
cellence of fabric, advance winter styling and superior workmanship, you must
not fail to compare these frocks and suits with those that sell at higher prices.

Silk Suits
and Frocks \$11⁷⁵
Regular \$19.75 Values

Every one is an astonishing value! Tuck-in suits with crepe or satin blouse.
"Long line" frocks and many other new and interesting adaptations of the Fall and
Winter mode. Developed in crepes and satins of the better quality.

800 New Winter Coats

Fur-Trimmed Dress Coats \$50
Actual Values Up to \$85

Handsomely trimmed coats showing the lavish use of such furs as genuine wolf, caracul, kit fox, marmink and
other natural and blended furs. They feature the longer lines, the flaring silhouette and straightline modes for the
woman who prefers them. Every coat is distinctive and individual and would sell ordinarily at a far higher
price.

Smart Dress
Coats Values to \$55 . . . \$38⁷⁵

Beautifully fur trimmed, with shawl or pouch collars and showing ad-
vance fashion notes.

Elegant Winter
Coats Values to \$99.50 . . . \$68⁷⁵

Elegant fabrics are enhanced by luxurious fur trimmings, such as wolf,
fox, caracul.

Tailored Sports
Coats Values to \$29.75 . . . \$15⁰⁰

Plain or patterned fabrics, either tailored or trimmed in furs. In smart
new styles.

Sports and Travel
Coats Values to \$59.75 . . . \$29⁷⁵

Genuine badger, wolf, kit fox, caracul and other furs trim these
coats of imported novelty fabrics.

NEW ARMY GUNS
DO THEIR STUFFPlane Bombing and Strafing
Tests SpectacularTwo-Ton Missile Digs Large
Crater in ForestElectrical Robot Operates
Antiaircraft FiringA BERTEN PROVING
GROUNDS, CAL. Oct. 10. (AP)—The army's latest test of its post-war
development here today
showed how much destruction modern
armed aircraft can cause on
land and its new means of resist-
ing airplane attacks.Spectacular tests of aircraft
bombing and strafing, tank and mo-
torized infantry maneuvers and an-
tiaircraft gunnery were given in
connection with the eleventh an-
nual meeting of the American Or-
dnance Association.

CRATER GOUGED

The 15,000 people who gathered
to hear a 4,000-pound airplane bomb
explode were somewhat disap-
pointed. Army officials became
cautious and two bombs, released
from a height of 600 feet, fell four
miles away. One failed to explode,
but the second fell into a forest,
exploded and gouged out a crater
twenty feet deep and fifty feet in
diameter, tossing trees and debris
skyward.High government, army and navy
officials witnessed the exhibition,
among whom was Secretary of the
Navy Adams.Another feature of the demon-
stration was a battery of 75-mil-
limeter mobile antiaircraft guns
operated by an electrical robot.
Firing shrapnel at a target towed
by an airplane at an altitude of
1,000 feet, the guns scored twenty

GRAVE GRINS AT GANGSTER

Genna, Once Overlord of Chicago "Alky Cookers,"
Told Probable Fate on Return from SicilyCHICAGO, Oct. 10. (Exclusive)—Jim Genna, Sicilian, once the pow-
erful overlord of a host of "alky cooks," has returned to Chicago after
five years in Italy, two of them spent in prison. He has come back,
facing certain death, but says he is glad to be here and take his chances.
Despite his long criminal record, he heard the door of a cell clang
behind him for the first time in Chicago last night. He had been picked
up as an ordinary hoodlum and held for the daily showup of suspects.
"The path of alky leads but to John Egan asked Genna. "Well,
"I'll tell you. In the last year five
gangs who sat in that chair are
dead—shot to death."

PHOTOS OF DEAD

Stages produced an armful of pho-
tos taken when the Genna brothers
were in their height of power here.
The first one was of the funeral of
Mike Murta, head of the Sicilian
army. Then came Tony Anselmo, Mike's
successor. "Shot to death," said
Stages. The next was a picture of
Sammo's Auntie. "Shot to death,"
said Stages. And so on and on—
John Scallie, Albert Anselmo, On-
dio (the scoundrel) Tropolo, Tony (Il
Cavallero) Spano, Henry Spingola,
Mike, Angelo and Tony Genna,
brothers of Jim. "Your brothers
and your playmates—all shot to
death," said Stages.

TAPS AWAY "CURSE"

"Do you realize what chair you
are sitting in?" Detective Chief
hills. Machine-gun antiaircraft
firing registered seventy-four hits at
a target towed 100 miles an hour at
a height of 2,000 feet.

SPECTATORS THRILLED

Naval officers showed particular
interest in the 300-pound airplane
bombing tests which gave the spec-
tators a thrill. They appeared very
effective, and there was a diver-
gence of views expressed on the ef-
fect such an attack would have on
battleships.
One round was fired from a four-TEXAS OIL FIELD
STILL SETTLINGFifty Acres Depressed in
Sour Lake AreaCenter of Undermining Goes
Down Ninety FeetProduction in Territory
Drops 30 Per CentBEAUMONT (Tex.) Oct. 10. (AP)—
Approximately fifty acres in the
northeast section of the Sour Lake
oil field has been affected by the
sinking of the surface, the result
of undermining. The center of the
area, covering about three acres,
still was sinking tonight. The
depth at the center was estimated
by J. A. Myers, veteran oil opera-
tor at the famous Spindle Top field
here, to be ninety feet.The sinking is on the site of the
famous Shoestring section, which
was drilled intensively immedi-
ately after the Spindle Top
boom in 1901. During that time
much of the upper sand strata was
washed out in the process of drill-
ing, according to Myers. Another
contributing factor was "blow out"
of wild wells during the early de-
velopment.Cracks in the surface were ob-
served late this afternoon, com-
pletely encircling the crater as far
as 1,000 feet from the center. Pro-
duction in the field has dropped ap-
proximately 30 per cent since the
depression started.

DOPE LEADS TO PRISON

SAN FRANCISCO, Oct. 10. (AP)—
John Bryant, 26 years of age, of
Berkeley, today was sentenced to serve
a year and a day in a Federal peni-
tentiary after he pleaded guilty to
conspiring to send a narcotic
through the mail to prisoners at
McNeil Island.Expect
GREAT THINGS OF
KOLSTER

TONIGHT—visit your dealer and see the new Kolster Radio for 1935! Be the first to cross the threshold, expect to see—and hear—great things!

Expect to find screen grid tubes—proved by Kolster engineers—of thrilling richness of tone and amazing selectivity that reaches into the night and captures just the station you want!

Expect to find the equipoled dynamic reproducer—extra large to do full justice to the increased power of Kolster screen grid radio.

Expect to find a new, speedy way of tuning in—to find cabinets unsurpassed in beauty and design!

Expect all these things, we say, for your expectations will be realized in the 1935 Kolster!... PLUS the confidence, the knowledge that wherever you go, you will hear this enthusiastic remark from owner after owner, "Kolster is a fact!"

AFTER SHAVING
cools... soothes... protectsIf you want a real treat in face comfort, do this to-
morrow morning after you shave! Simply douse
full strength Listerine on your face.Immediately you note a glow of health—a
tingling, zippy sensation that wakes up your skin.Then, as Listerine dries, a wonderful feeling
of coolness, as though a moist sea breeze were
blowing against your cheeks. Gone that feeling
of rawness. Gone that burning sensation.Moreover, it eliminates the risk of infection.
Because full strength Listerine, though safe and
healing in action, kills germs in counts ranging up
to 200,000,000 in 15 seconds.Some men are so delighted with the freshen-
ing effect of Listerine on the face that they employ
it before important engagements at which they
must look their best. Try it yourself sometime.
Lambert Pharmaceutical Co., St. Louis, Mo., U.S.A.COOLS WHILE YOU
SHAVE AND THE
COOLEST LINGER!
LISTERINE SHAV-
ING CREAM

Try it, Madam, as an ASTRINGENT

The same qualities that make Listerine soothing after shaving,
recommend its use by women as an astringent. Incidentally, it is
a very economical one. Your wife will be glad to know about it.

LISTERINE

THE SAFE ANTISEPTIC

Kills 200,000,000 germs in 15 seconds

DESERT SONG
BEAUTY WEARS
"PARKER SMILE"MARJORIE EDDY, member of cast
of New York hit, now back in
Hollywood screening "Desert Song"
at the New York Theatre.YES, indeed, said Marjorie
Eddy, interviewed in Hol-
lywood at her residence at
South Rampart Boulevard, "I
glad to say that I wear the
Parker Smile." After play-
ing the big New York theatrical
hit "Desert Song," until it
closed there, I returned to Hol-
lywood to play in Warner Bros.
show. The first thing I
did was to get my teeth
checked by the E. R. Parker
System. I immediately claimed membership in
the "Parker Smilers" because den-
tists who use the E. R. Parker Sys-
tem are my regular dentists. They
are clean and efficient, their offices
are lovely and clean, their prices are
very reasonable and best of
all, they really are painless. Sev-
eral of my friends who have visited
the E. R. Parker System have
thanked me for sending
them to the E. R. Parker System.The E. R. Parker System is the nation-
al leader in the field of dentistry. It
uses the E. R. Parker System
of painless dentistry and
guarantees the lowest prices.
I have been a member of the
E. R. Parker System for many
years and I can say that I am
still reaching new heights of
painless dentistry. I have been
a member of the E. R. Parker
System for many years and I
can say that I am still reach-
ing new heights of painless den-
tistry. I have been a member
of the E. R. Parker System for
many years and I can say that
I am still reaching new heights
of painless dentistry.The volume of my practice has
increased so much that I was
able to treat my patients with the
finest work at prices about half
of other dentists charged.
I have had to turn other grad-
uate dentists in my methods. I am
treating them and those I con-
sult with my policies and principles.
It is my right to use the E. R.
Parker System. There are thirty-
three offices in the United States and
in which dentists are using

CLERICAL AUTHOR TAKEN BY DEATH

DR. H. P. HAMES, a well-known author and Episcopal vicar, died suddenly at his home in San Bernardino yesterday afternoon. He was 58 years old. Dr. Hames was a prominent figure in the literary and religious circles of the region. He had written several books and was a frequent speaker at religious gatherings. His death was a sudden shock to his family and friends.

DR. HAMES STRICKEN SUDDENLY

Episcopal Vicar, Widely Known as Writer and as Calendar Author, Dies

Dr. H. P. Hames, vicar of the Episcopal Church here, died suddenly at his home at the vicarage on Knott Hill yesterday. His death, which followed a few days' illness, occurred a few hours before the time set by his parishioners for an anniversary dinner, in celebration of his three years here.

Dr. Hames was also known as an author and as the originator of a thirteen-month calendar, for which he has received widespread recognition. In behalf of his calendar he appeared before the League of Nations, receiving the approval of that body for his plan. He served during the World War as a chaplain with the English forces in France and since coming here has been chaplain of the local post of the Boy Scout corps of honor. Plans for the publication of a book of his travels were announced a few days ago.

The body is at the Cate Funeral Parlor and services will be at 10 a.m. Saturday in Christ Church, with Rev. B. W. Stevens, bishop of the Los Angeles diocese, officiating. He leaves his widow, Mrs. Carolyn Hames, and his mother, who lives in England.

New Unit Opened at Olive View

SAN FERNANDO, Oct. 10.—Olive View Sanatorium's new unit for acute cases was thrown open to the public for inspection yesterday and visitors were shown about the new \$200,000 structure. Construction of the new unit was completed early in September. Furnishings are now installed and patients were admitted today.

The structure is of cream-colored concrete with tile roof, a long, low, one-story building of mission-type architecture. It contains fifty-four private rooms, an operating room, an X-ray room and a laboratory. Patients requiring special dietetic, medical and surgical treatment will be cared for in this building. It is isolated from the main group of hospital buildings and is situated on a knoll at the extreme east end of the hospital grounds.

LIONS' CLUB OFFICERS' ASSOCIATION MEETS

VENTURA, Oct. 10.—Dr. W. B. Middlemas was the principal speaker at the luncheon of the fall meeting of the Lions' Club officers' Association for Southern California here today. His subject was "Universal, Democratic Consciousness of the Present Era." At the morning session, Mayor George A. Randall gave the address of welcome to the visiting Lions, and the response was made by Past Deputy Governor Luther Mack of Los Angeles. The afternoon session was devoted to a business meeting. An address was made by District Governor Samuel L. Carpenter.

AERONAUTICS COURSE AT CHAFFEY PLANNED

ONTARIO, Oct. 10.—Dr. Morten E. Hill, principal of Chaffey Union High School and Junior College, announced today that the school board had sanctioned his request that a course in aeronautics be established in the Junior College, and plans for pioneering the work among students are rapidly being completed. Dr. Hill has been authorized to procure the services of the best instructors in aeronautics available, and equipment for flying instruction is to be procured from the government.

ANCIENT RITES WED JAPANESE

Ceremony Older Than Christianity Unites in Marriage Couple from Nippon at Capitalist's Home; Plane Roars by as Shinto Priest Intones Ritual

SAN CLEMENTE, Oct. 10.—In a ceremony centuries older than Christianity, with Shinto high priests chanting nuptial services that were old before the birth of Christ, Hatsuji Nihihara became the wife of M. Somen yesterday. The wedding in which more than 100 persons took part was held on the estate of H. H. Cotton, capitalist and owner of the La Brea racing stables.

SHOOTING CASE DISMISSED

Final Action Taken in Suit Brought Nearly Three Years Ago by Lettuce Buyer Against Police Chief

EL CENTRO, Oct. 10.—The final chapter was written today in a case which has been before the Imperial county criminal courts for nearly three years when Judge A. C. Finney dismissed an action in which Joe Hardwick, former Police Chief in Calexico, was charged with deadly assault on J. H. Taylor, a lettuce buyer.

MAN REVIVES SCORE HOURS AFTER BLOW

B. D. Layne, Instructor in Compton Plunge, Accuses Summers; Latter Arrested

LONG BEACH, Oct. 10.—Bernard D. Layne, who was unconscious twenty hours, following a physical attack on him yesterday, revived sufficiently today to accuse Byron Summers, Glendale salesman and prominent professional swimmer, of the attack, police reported. Summers surrendered to Glendale police today after being sought for questioning for several hours.

County Medicos Indorse Center

ALHAMBRA, Oct. 10.—The local branch of the Los Angeles County Medical Association last night indorsed the plans for the proposed new county health center plant to be built here, and went on record as being in full accord with the county health program. The action came as the result of opposition to the local health center on the part of some of the local doctors who developed during the past few days.

JAW-BREAKING COSTS MAN NINETY DAYS

SANTA BARBARA, Oct. 10.—Ninety days in the County Jail without the alternative of paying a fine was the sentence imposed today by Police Judge E. A. Rizzo upon F. V. Rogers for fracturing the jaw of M. Vargo, El Nido Hotel, on the morning of the 5th inst. The evidence showed that Rogers entered Vargo's room and engaged the latter in a fist fight. Vargo had been confined in a Santa Barbara hospital until yesterday, when he appeared in Police Court and testified against Rogers.

SCHOOL PLANS PROGRESS

NEWPORT BEACH, Oct. 10.—Re-announcing their former stand in favor of an ample site and a high school that will fully meet the requirements for several years to come, members of the joint high-school committee of Newport Beach and Costa Mesa were ready today to go forward with the harbor high-school plan.

"MONKEY BUSINESS" AT TABLE FOR BIRTHDAY

Second Natal Anniversary of Baby Chimpanzee Observed With Feasting

Infant Dwarf Simian Guest of Honor at Unique Banquet

CULVER CITY, Oct. 10.—Celebrating the second birthday anniversary of Rowdy, baby dwarf chimpanzee, said to be the only "chimp" midwest of New York, Simian residents of the Los Angeles Monkey Farms on West Washington Boulevard enjoyed a dinner party today for the edification of scores of children who gathered to watch the festivities.

NO INDICTMENTS IN FIXING CASE

San Diego Grand Jury Takes No Action in Matter

List of Ten Witnesses for Quizzing Reduced to One

Adjournment Taken Without Resumption Indications

SAN DIEGO, Oct. 10.—After dismissing all witnesses in the liquor-fixing case, the San Diego county grand jury adjourned this afternoon. No indictments were returned and no indication was given when the quiz will be taken up again.

The list of ten witnesses had been reduced to one, that being Logan E. Ruggles, just before the inquiry adjourned. Ruggles was one of the first witnesses questioned when the inquiry was begun several weeks ago. The ten who occupied the bench outside the grand jury chambers were B. P. Donnelly, Dr. Frank Colby, Frank Mallon, Wilburson, Paul Edwards, Charles K. Harris, Sam Snyder, John Coker, W. O. Oehring and Ruggles.

All except Edwards, a newspaper editor, are members of the American Legion. It was assumed the questioning today revolved around what connection, if any, the organization had with the asserted arrangements to provide illicit beverages during the State convention of the Legion held here in August.

It was the county grand jury's move today in the "watchful waiting" game apparently being played by county and Federal authorities in connection with the liquor "fixing" case that had its inception August 17. The county inquiries concerned this morning to make another move while seemingly awaiting action one way or another of the Federal grand jury at Los Angeles.

The inquiry has dragged along more than a month, with interest mainly centered in the Federal dry agents and the county investigators. The county grand jury took up the case after Federal agents had made the opening move by arresting several persons. They were charged with conspiracy to violate the dry laws. The Federal agents basing their complaints on arrests made by the police vice squad, which uncovered a \$27,000 cache of liquor down town on the eve of the recent American Legion state convention.

'Machine Gun' Just Camera

ANAHEIM, Oct. 10.—Should you spy a dangerous-looking individual training a "submachine gun" upon you today, B. E. Toney, Los Angeles police, would advise you to keep cool, the Anaheim police advise.

Obedy that impulse—walk, don't run, to the nearest telephone, and summon the police. Had a resident of North Philadelphia street followed his first impulse today, B. E. Toney, Los Angeles police, might have been a corpse instead of merely a visitor at the Anaheim City Jail.

For two days Toney had been training his suspicious gadget upon the North Philadelphia-street house. Today he explained that he was merely attempting to take photographs of an occupant of the house to show that this person was not entitled to insurance money, using a camera with a telephoto lens.

After explaining his method and his objective to the police Toney was sent home.

TEMPERANCE UNIONS TO MEET IN VALLEY

SAN FERNANDO, Oct. 10.—The San Fernando Valley Federated Women's Christian Temperance Union will meet tomorrow at the Methodist Church, at Macley and Third streets, beginning at 9:30 a.m. Several speakers will make addresses. The federation embraces the Christian Temperance unions of Van Nuys, Burbank, North Hollywood, Owensmouth and San Fernando.

UNKNOWN CAUSE DAZES PIGEONS

Mysterious Influence at Ventura Befuddles Homing Birds' Flight and Puzzles Their Owners; Many Varied Theories Still Unproven

VENTURA, Oct. 10.—A mysterious influence in the air over this city which befuddles and confuses racing pigeons in their training flights along the coast was being investigated today. Birds famed for their ability to fly direct from any spot in the United States to their homes in Los Angeles have been released near here and have gladly milled about the town unable, apparently, to take off in the right direction.

A test conducted recently by W. H. Reed, Los Angeles, member of the Southern California Racing Pigeon Association, and other members, showed that of seventy-five birds liberated three miles north of here less than half found their way home, and some of these did not arrive until a week later. Reed and his companions sighted the racers forty-five minutes after they had been freed, circling over local homesteads in a daze.

Numerous theories have been advanced by pigeon fanciers as to the solution of the mystery. Among them is the belief that air pockets in this locality are responsible. What causes the air pockets and just how they affect the bird has not been determined yet.

Another solution advanced is that the mountains here are of volcanic formation and, even some odd effect upon the feathered speedsters. A local man reported after a survey of the situation that the large quantity of natural gas blown off at the Avenue field impregnates the air at the level at which the pigeons fly and affects them much in the same way as a "blast of boiling gas."

The fowls are all marked with rings bearing the registry number of their owners. Reed, who lives at 2345 S. Street, Los Angeles, is anxious to hear of the discovery of any of the missing racers or of any plausible reason for their disappearance.

TRICITIES FAVOR ROUTE

No Opposition Shown at San Marino Meeting to Plan for Extending Broadway to Atlantic Boulevard

SAN MARINO, Oct. 10.—No opposition to the proposal to extend Broadway south to Atlantic Boulevard was offered at a joint meeting of Pasadena, South Pasadena and local officials at the City Hall here last night.

The project, which would complete the first direct route between Pasadena and Long Beach, will be financed to some extent by the county gasoline tax proceeds. Because of local opposition and objections from Oak Knoll residents, the former plan of extending South Lake avenue instead of Broadway is said to have been abandoned.

The present plan provides for the extension of Broadway as a 100-foot boulevard from its present south line at Glenarm street, Pasadena, to join Maricopa avenue just south of Allendale Road. From that point the new highway would branch off southward through the San Pascual valley to join Wilson avenue in Alhambra, north of Huntington Drive. Wilson avenue extends south to Atlantic Boulevard at the present time.

Although alternative suggestions were made last night for utilization of Gardfield or Los Robles avenues as connecting links, the consensus of opinion of those at the meeting is reported to have favored the Broadway plan.

Proponents of the Broadway connection point to the fact that Broadway is now of the required breadth between Colorado and Glenarm streets, Pasadena, a distance of more than a mile, and that unlike other suggested Atlantic Boulevard links, the Pasadena segment would need no further improvement.

Date Growers Getting Richer

INDIO, Oct. 10.—The annual fall dinner of the Deglet Mosaic Growers' Association took place last night at the Woman's Club here with seventy-six members and their wives present. Bruce Boyer, president of the association, gave the report of a recent survey of the date crop conditions. He declared that the loss from the recent rain would prove much less than anticipated.

General Manager T. H. Rosenberger, in discussing the state work of the association said that despite increased acreage, the association would still be compelled to procure deliveries of the higher grades as there would not be nearly enough to fill present demands. The demand for California dates has increased faster than palms can be brought into bearing, it was said.

The packing plant is now employing more than 100 persons, according to D. H. Mitchell, plant manager, and dates are coming in at the rate of about ten tons a day. He also gave a talk on co-operation and made a plea for increased membership.

COUNTY FUNDS GROW FROM TAX AND FINES

SANTA BARBARA, Oct. 10.—Approximately \$65,000 has been turned into the county treasury in inheritance taxes, liquor and traffic violation fines, fees from various county offices and from the State gas fund since July 1, according to figures that County Auditor Albert T. Eaves released today. Since July 1, \$5031 has been paid for liquor-law violation fines, while \$7561 has been added to the county treasury from fines for traffic violations. Justices of the peace have turned in \$1227 in fees. The County Recorder's fees taken in since July 1 have totaled more than \$8000. Pay patients in the Santa Maria Hospital have netted the county more than \$10,000 since July 1, according to the auditor's records. Inheritance taxes, turned in to the Treasury since July 1, have reached \$21,833.

PETITION ASKS FOR NEWPORT DREDGING

NEWPORT BEACH, Oct. 10.—Improvements costing approximately \$25,000 will be started in the near future in the West Newport section of the city. The City Council last night referred to City Engineer R. L. Patterson a petition presented by more than 400 property owners of the West Newport section asking that all waterways and the West Newport port be dredged to a depth of five feet below low tide. The work as estimated will cost about \$25,000. Hints that some opposition will be raised to the work were given at the meeting when a protest was voiced against the including of ocean front property in the assessment district. The speaker was informed that a time would be set later for hearing protests.

VENTURA NEVER PUEBLO TOWN

Special Counsel for City Explodes Old Legend

Pioneers Had Contended to Contrary for Years

Discovery Has Bearing Upon Municipal Water Rights

VENTURA, Oct. 10.—This city never had a pueblo form of government in the days of Spanish and Mexican sovereignty over this region, so far as can be ascertained, according to an announcement made today by L. C. Drapeau, special counsel for the city. Many pioneers had contended to the contrary, and there had been a legendary belief on the part that a pueblo had existed along with the old mission.

The question is of great importance in determining the scope of Ventura water rights. The attorney was commissioned by the Council some time ago to make a study of the city's water rights. Much research was devoted to the pueblo question, for, he pointed out, "if the city of San Buenaventura has a pueblo right in the Ventura River, this right is superior to every other right in water for the whole length of the river, and this would include all the water in the river from bedrock upward, and from remotest sources to the ocean."

After consulting all available authorities the conclusion was reached, Drapeau said, that no pueblo ever existed here.

Another interesting item of local history was disclosed by Drapeau as a by-product of his research. He found that the Santa Barbara Mission a Franciscan father, Zephrino Engelhardt, who has written a complete history of the San Buenaventura Mission, all from original sources. This history is in manuscript, and Drapeau expressed the hope that it might be published in book form.

Discussing another angle of the water question, Drapeau pointed out that whereas wet and dry years appear to come in cycles varying in length and intensity, occasionally natural slips in a lower and gentler period of abnormal drought in this region. The last of these, he said, occurred in the early part of the nineteenth century, according to old records, and at that time the Indians of this region were obliged to migrate to the delta of the Tularose until the rains again began falling in this vicinity.

Master Plan of Program Urged

REDLANDS, Oct. 10.—Civic leaders of Redlands have completed plans for a dinner to be held on the 18th inst for all civic organizations at which time plans will be made for a master program for civic betterment.

This master calendar, it is hoped, will eliminate all discord and conflict between the various organizations in their membership campaigns and other efforts. The Chamber of Commerce is heading the plan for the dinner and it is hoped that every civic and social organization in the city will take part. The calendar will also take care of entertainments and plays to be given by various organizations of the city.

BABY LIMA HARVEST NEARING COMPLETION

RESEDA, Oct. 10.—Running about the normal yield per acre, the San Fernando Valley baby lima bean harvest is about three weeks completed. It is announced by J. H. Walters, manager of the bean growers' association. It is estimated that between 11,000 and 12,000 acres in beans were planted in the valley this year. Prices are higher than last year because of the little carryover from the previous season. The next large crop in the valley will be lettuce. Hundreds of acres are planted in various sections. The larger part of the harvest will be in line for the Thanksgiving market.

SCOUTS WILL SWIM AND DIVE TOMORROW

NORTH HOLLYWOOD, Oct. 10.—The annual swimfest of the San Fernando Council of Boy Scouts will take place Saturday at the local municipal pool, beginning at 4 p.m. C. Nichols, aquatic director of the Los Angeles City Playground Department, will act as starter. Judge Bud Dillon, California diving expert, will judge the diving and Robert Fell, plunge director for the playground department, will also be one of the judges. It is expected that several hundred boys will participate in the contest, each year one of the outstanding affairs of the valley scout organization.

VARIED PROGRAM FOR AD-MEN'S GATHERING

SANTA BARBARA, Oct. 10.—Programs for the annual convention of the Pacific Association of Advertising Agencies show that the convention to be held in Santa Barbara in Hotel Samarkand, the 15th, 16th and 20th insts. will be filled with business activities as well as many social affairs, including the usual golf tournament, the tennis tournament, program of talks and discussions, the committee in charge has provided a generous round of festivities. The golf tournament starts Saturday afternoon.

CRASH DAMAGES WON

VAN NUYS, Oct. 10.—Everett Grubb was awarded \$150 damages against A. Gilmore by Judge Clifford Thompson of the local Municipal Court, on evidence that Gilmore's car rolled down a hill and smashed into the Grubb machine. Gilmore claimed he had parked his car with the brakes on.

STAGE-MUSICIAN STRIKE ORDERED

Nation-wide Walkout Billed to Begin on 20th Inst.

Allied Workers Called Out in Sympathy Gesture

Gillmore Declared in Control of Key to Situation

NEW YORK, Oct. 10. (Exclusive)—Union theater musicians will go on strike the 20th inst. and their allied workers, the electricians and stage hands, will call a sympathetic strike, it was learned today.

The strike will be nation-wide, affecting all theaters employing unionized help except those playing vaudeville and talking pictures. The "key man" upon whom the success or failure of the strike will hinge is Frank Gillmore, executive secretary of Actors' Equity Association.

The musicians, stage hands and electricians will ask Gillmore to call out the legitimate stage actors, also affiliated with the American Federation of Labor.

Gillmore, still smarting under the failure of his effort recently to unionize the motion-picture players, in which Hollywood stage hands and electricians failed to support him, already has been approached by Broadway producers anxious to learn his attitude toward the forthcoming situation.

"I've not yet been asked to call out the actors," Gillmore said, "but I haven't made up my mind what I'll do."

New York stage producers today began preparations for the strike. Those with one-act shows are certain they can avoid closing by obtaining nonunion help to handle the

BOYS GET INTO TROUBLE TRYING TO GET OUT OF IT

CHICAGO, Oct. 10. (AP)—The James boys, Frank, 19 years of age, and Earl, 15, have discovered that getting into a place to rob is only half of it. Getting out is the big thing.

The youths descended through the skylight of a Madison-street hardware store and collected several

simple lighting schemes. All the others, and especially those with elaborate musical productions, openly are worried.

Philadelphia bred the impending strike. The Shubert and Erlanger interests there last year lost \$235,000 in the operation of their houses. Then the musicians whose agreements with the house-owners expired recently, demanded a forty-week year in their new contract. It was refused and the Quaker City theaters again have been closed.

Spectator Joins Suicide Parade

SAN FRANCISCO, Oct. 10. (AP)—For nearly twenty years, Paul Wall, 50 years of age, watched a morbid panorama of suicide cases pass before him as an Emergency Hospital steward.

Today other stewards at the hospital answered a routine call that an unidentified man had committed suicide in a Howard-street coal yard. The suicide was the veteran Wall. He had swallowed poison. Friends blamed his act on despondency over ill health. Others believe his long experience with suicides had warped his mind. He leaves a widow and a 5-year-old son.

WOUNDING OF WOMAN MYSTERIOUS

Florida Visitor in Chicago Also Robbed of \$50,000 in Hold-up on Street

CHICAGO, Oct. 10. (AP)—Shot and wounded critically as she was returning from the Hawthorne race track late today, Mrs. R. C. Perky, of Perky, Fla., was robbed of money and jewels which she valued at \$50,000.

According to Mrs. M. E. Knowles, Mrs. Perky's host, and James La Monte, the other passenger in the automobile, their car was forced to the curb by a machine containing two men. One of these men, they said, grabbed Mrs. Perky's purse and at the same time shot her in the right chest.

Mrs. Knowles and La Monte were questioned vigorously after they told their stories and after Mrs. Perky had related a disconnected version at the hospital.

Police Chief Wojciechowski of Cicero said he is skeptical of the stories.

TIMBER LOSSES BY FIRE FIGURED

Cost of Season's Fighting Given as \$3,037,300

National Forest Areas Have 842,000 Acres Burned

Need for Organization Demonstrated

WASHINGTON, Oct. 10. (Exclusive)—Taking advantage of their first breathing spell since early summer, government foresters are now reviewing the costly fire season of 1935. With 5719 forest fires started in the national forests to date, the year has cost the government \$3,037,300 in fire-suppression funds. Although weather conditions have changed, with the result of a lessening of the danger, the fire season has not yet definitely closed in the Pacific Coast and inland empire States. In that region scattering showers had occurred, but not enough rain to permit the calling in of all guard forces.

The current week has been designated by President Hoover as "national fire-prevention week." Maj. R. Y. Stuart, chief of the Forest Service, said today, and "it is therefore especially fitting to take account of our fire situation at this time. Our forest officers and operators have worked heroically and at great sacrifice throughout the unusually long season, but in many seasons the forest is drought and high fire hazards have made the odds too great. The season has strongly demonstrated the urgent need for extension of fire-protection improvements and organized forces."

DAMAGE FIGURED
The costs of fire suppression this year alone would have gone far toward providing adequate permanent protection for the country's forests.

In the western States the sum most months are ordinarily the months of greatest fire danger. But east of the Rockies we can expect many days of high-fire hazard in the fall. There can be no let-down, therefore, in fire-protection work. Unlike the western States, the East and South do not have to contend to any appreciable extent with lightning fires. Practically all forest fires in the East are caused by human agencies and are preventable.

A total of 842,000 acres have been burned over within the boundaries of the national forests this year to date. Not taking into account the damage to young tree growth, to watershed protection, or to game and recreation values, the loss from fire on the national forests of the Pacific Northwest and Inland Empire is estimated at \$3,000,000. Roy Hedley, chief of the branch of operations of the forest service, has summarized the 1935 fire season in a report just completed. He comments on the situation in the Far West as follows:

INCENDIARY FIRES
In the Pacific Northwest abnormal burning conditions, lack of roads, trails and telephone lines and large areas of inflammable insect-killed lodge-pole pine combined to make conditions serious. Crews larger than usual were used, but still larger crews on each fire at the outset would have decreased loss and expense.

"In Northern California there was a bad outbreak of incendiaryism. The Klamath National Forest had fifty-one incendiary fires in one day. All of them were suppressed before thirty acres had burned over. The most destructive national forest fire in the California district was in the Modoc forest. This fire burned over 5000 acres the first afternoon and did \$300,000 damage. A trespass case has been initiated against the railroad which caused the fire."

PINE BEETLES CAUSE \$2,000,000 TIMBER LOSS
SAN FRANCISCO, Oct. 10. (Exclusive)—Two million dollars worth of timber was destroyed last year in California forests by white pine beetles, the United States Department of Agriculture today through the district office here, announced. On an area of 370,000 acres 10 per cent of the timber has been destroyed since 1921, the report says. This means \$18,000,000 board feet of merchantable yellow pine of high quality. In some tracts of timber the loss has run from 25 to 50 per cent. The trees killed are mostly on privately owned land. One company, to save what timber is left, has started extensive logging operations.

Another timber loss has been caused in white fir stands in the Sierras by an engraver beetle.

LABOR UNION CONVENTION DIGRESSES

Impromptu Discussion of Politics and Relations to Industry Features Meet

TORONTO (Ont.) Oct. 10. (AP)—An impromptu debate over political policies and an exposition of the advantages of full co-operation between railroads and labor unions featured the proceedings today of the American Federation of Labor convention.

Two English trades union delegates stressed the accomplishment of trades unions in their country in building an Independent Labor party, and William Green, president of the federation, responded with a defense of the nonpartisanship of the federation in the United States.

Sir Henry Thornton, president of the Canadian National Railroads, asserted that co-operation with labor unions in his system, under a plan followed by the Baltimore and Ohio and other lines in the United States, had "come to be regarded as our greatest asset."

STILL BLAST KILLS MAN

PORTLAND (Or.) Oct. 10. (AP)—Lyle Lemon was killed instantly and Carl Riverman was severely burned late today when a small still exploded in an East Side residence here, police said.

BEAUTY ENGAGED TO BRITISH FLYER

Miss Lorna Dean

LONDON, Oct. 10. (Exclusive)—Flight Lieutenant D'Arcy Craig, member of the English Schneider cup team, today is congratulating himself. Not because he is a member of the group of English speed merchants, but because he soon is to take another flight. This time it will be dual instead of solo, and his flight will be into the realm of matrimony.

The British airman's engagement to Miss Lorna Dean, winner of several English beauty contests, has just been announced.

Hoosier Admits Slaying Father

KENTLAND (Ind.) Oct. 10. (AP)—Charles Hyers, 34 years of age, of Hammond, Ind., confessed tonight that he shot and killed his father, James Hyers, 64, Tuesday, a night that he might inherit eighty acres of land. The son shot through a window at his father, whose body was found by a half-brother, with whom he lived near here.

Charles Hyers said he conceived the plan after his wife threatened to leave him because he was penniless and unemployed.

Maurice Koop's Estate Only \$9

SAN FRANCISCO, Oct. 10. (Exclusive)—Maurice B. Koop, owner of a San Francisco night club, debonaire and presumably wealthy, died August 29, last, with only \$9 in his pockets, which to date comprised his entire estate, according to the coroner's office.

Koop, only four years ago, inherited \$50,000 in securities and property from the late Henry Koop, his father, of Woodside and San Diego.

FEDERAL COURT RELIEF SOUGHT

Mitchell Urges Added Funds to End Congestion

Handicaps Under Existing Conditions Cited

Assistance Held Necessary to Handle Cases

WASHINGTON, Oct. 10. (AP)—Increased appropriations of several hundred thousand dollars have been recommended to the Budget Bureau by the Attorney-General's office to relieve congestion in the Federal courts.

Atty.-Gen. Mitchell announced today he has requested appropriations to provide thirty assistant district attorneys and also additional clerks and marshals. The entire appropriation, he added, probably will be less than \$1,000,000. Mitchell said approximately 25 per cent of the cases in Federal courts have not been touched in recent years and that additional help is necessary. He did not make public the districts for which aid was requested, saying it first will be determined whether the appropriation can be obtained.

Recommendation also was made for increased pay for the assistant district attorneys. The Attorney-General said the present salary averages about \$2100 and that he hopes to raise it to \$3300 or \$3400.

He said there is no use hunting for criminals if the Federal courts are not able to handle the cases, adding that when the cases are extended over long periods the witnesses often disappear.

Prohibition, the Attorney-General said, has had a good deal to do with the congestion of the dockets.

Doumergue and Briand on Visit to King Albert

BRUSSELS (Belgium) Oct. 10. (AP)—President Gaston Doumergue of France and Premier Aristide Briand arrived here this afternoon for a state visit to King Albert. His Majesty, who had sent the royal Belgian train to Paris for his official French guest, met them at the station.

The President and the Premier were given an enthusiastic welcome by a great crowd, as they drove through the streets in open carriages of state. People lining the sidewalks gave cheer after cheer; the King rode with President Doumergue.

Premier Briand's passage was hailed with shouts of "Vive Briand." The visitors were much impressed by their welcome.

Vatican Parley Stirrs Interest

VATICAN CITY, Oct. 10. (AP)—Special importance today was attached in diplomatic circles to a lengthy conversation between Cardinal Gasparri, Papal Secretary of State, and Italian Ambassador De Vecchi. They are understood to have discussed the procedure to be followed for the first visit of the Italian sovereigns to the Pope since the solution of the Roman question made such a visit possible.

The protocol for this event is understood to have been drawn up but is shrouded in secrecy.

POISONED MAN DRIVES ON

TUCSON (Ariz.) Oct. 10. (AP)—Driving for more than half a mile after he had taken poison this afternoon, E. R. Hyde, Marana rancher, died in the arms of his brother as he stepped from his car.

FREEDOM from Campus Activities

This Factor is so important to families who anticipate living conveniently close to the University that it necessitates the introduction of this message now.

How does the property you contemplate buying check up in these ten Favorable Factors as compared with Huntington Palisades?

Factors	Huntington Palisades
1. Location	100%
2. Environment	100%
3. Natural Advantages	100%
4. Improvements	100%
5. Restrictions and Architectural Control	100%
6. Accessibility	95%
7. Cultural Opportunities	100%
8. Convenience	90%
9. Investment Asset	100%
10. Moderate Price	100%

THE importance of the new University of California to the beautiful Western Los Angeles residential area has been pertinently pointed out for two years. The recent formal opening of the institution has served to effectively crystalize the advantages and desirability of this beautiful district as a place to live.

It is obvious that hundreds of families prefer to live immediately adjacent to the campus as a matter of convenience. Hundreds of others, however, are desirous of enjoying the convenience of close proximity to the University but prefer the quiet and peace of a home place sufficiently removed to avoid the annoyances of campus activities.

If you are one of these, it is to your interest to consider exclusive Huntington Palisades. This unusual residential masterpiece is unquestionably the cream of all Western Los Angeles. It is only ten minutes away from the University over scenic Beverly Boulevard and connected by adequate bus service. Here your family is secluded from all outward influences. They will enjoy a home place of permanent beauty with carefully planned perpetual

restrictions, the very best improvements fully completed and a wealth of fine old trees that only Time could duplicate.

All homesites are of generous large frontage, all streets are paved and bordered with curbs, landscaped parkings, sidewalks and ornamental electroliers. All public utilities . . . even electricity and telephone . . . are underground.

Huntington Palisades fronts directly upon the Pacific Ocean, and with each lot there accrues an undivided interest in a private palisades park and private bathing beach. Think what an advantage this is, especially where there are young people in the family.

You owe it to yourself to see Huntington Palisades before making your final selection of a homesite in Western Los Angeles. And, we advise an early visit while you may still have a variety of choice.

We have told you about Location. The next message in our regular series of Favorable Factors will dwell on ENVIRONMENT

TYPICAL VALUES

Lot 6, Blk. 2. a 1/4 acre site with 215 feet total double frontage on two drives. . . . Superb mountain and canyon view, priced only \$12,500

Lot 23, Block 4 . . . a fine slightly place to build. 95 ft. frontage on paved drive. 149 feet depth and priced only \$7500.

A CHUCKLE FOR EVERYBODY

THE BEASTS OF TARZAN

By Edgar Rice Burroughs

GASOLINE ALLEY

No, It Isn't a Dream

No sooner had the Beasts of Tarzan vanished than Rokoff rose from his hiding place and raced through the jungle as fast as his legs could carry him. His one thought was to put as much distance as possible between himself and that frightful pack. So it happened that as Jane came to the river's bank, down which she hoped to float to the ocean and eventual rescue, Rokoff was but a short distance behind.

Upon the bank the girl found a great dugout tied to a tree. After an hour's work she was pushing it free from the retarding mud when she saw a man running toward her. A little cry of terror rose to her lips. It was Rokoff. Another moment and the boat would be free. She worked furiously. With a sudden lurch the dugout swung quickly into the current, just as Rokoff reached to grab its bow.

His fingers did not miss their goal by six inches. The girl almost collapsed from the nervous strain of the past few minutes. But, thank fortune, at last she was safe. Even as she breathed a silent prayer of thanksgiving, she saw an expression of triumph light the face of the cursing Russian. He dropped suddenly to the ground, grasping firmly to something which wriggled through the mud toward the water.

Jane crouched, wide-eyed and horror-stricken, in the bottom of the boat, as she realized that at the last moment success had been turned to failure, and that she was indeed again in the Russian's power. For the thing that the man had seen and grasped was the end of the trailing rope with which the dugout had been moored to the tree. But his smile of leering triumph was destined to be short lived.

76,000 Shares
McGraw Electric Company

Common Stock

(No Par Value)

Price \$38.50 Per Share

This stock is listed on the Chicago Stock Exchange.

The following information is taken from official sources:

History and Business: McGraw Electric Company is the outgrowth of a business of the same name established by Mr. Max McGraw in 1900. The Company manufactures and sells, entirely through several subsidiaries, a varied line of electrical equipment and appliances. It owns the entire capital stocks of these subsidiaries, which have no funded debt or other capital securities outstanding in the hands of the public. The Company has recently disposed of its electric jobbing business and public utility holdings and is concentrating on the development and expansion of its manufacturing activities in the electrical field.

The manufacturing subsidiaries include Bussmann Manufacturing Company and Waters-Genter Company, with four factories located in the middle west. The principal products are a large variety of electrical fuses, fuse material, lamps, electric toasters and waffle bakers, electrically heated food containers and a number of other commercial and household electrical appliances. These products are sold under well known trade names such as "Buss Fuses," "Buss Lights," "Toaster," "Strite Waffle Baker," "Thermotainer," and in most cases their manufacture is protected by United States patents. The earliest expiration of any important patent is in nine years.

The Company is the largest manufacturer of electric toasters in the United States and one of the two largest manufacturers of fuses. Its products are sold throughout the United States through the most representative jobbers, dealers, public utilities or department stores, including many nationally known organizations.

Capitalization: After giving effect to the reclassification of the Company's outstanding capital stocks and present financing and the application of the proceeds thereof there will be outstanding 250,000 shares

of common stock (no par value). There will be no funded debt and no preferred stock.

Earnings: Consolidated earnings, as officially reported, after giving effect to this financing and the application of the proceeds thereof and after eliminating certain profit sharing contracts with executives no longer in effect, are as follows:

Twelve Months Ending	Net Sales	Net Earnings Per Share on 250,000 Shares
December 31, 1928	\$3,009,422	\$1.84
December 31, 1927	3,572,006	2.35
December 31, 1926	4,400,355	3.58
August 31, 1929	4,855,897	4.01

The earnings for the latest twelve months do not fully reflect the improvement over the calendar year of 1928 as the business of certain subsidiaries is seasonal and both sales and net profits are largest in the last four months of the year. Net sales and net profits have shown large increases in the first eight months of 1929 over the corresponding period of 1928 and it is estimated that earnings for the full year of 1929 will substantially exceed net earnings reported for the twelve months ending August 31, 1929. Net sales and net earnings have shown an increase over the previous year in every year since 1921.

Purpose of Issue: Proceeds from the sale of this stock and of the public utility holdings will be used to retire the entire funded debt of the Company and all mortgages and other indebtedness (except current accounts) of the Company and its manufacturing subsidiaries at present outstanding and for other corporate purposes.

Dividend Policy: Directors have announced that they expect to place the Common Stock on a \$2.00 annual dividend basis, the initial quarterly dividend to be due on January 1, 1930.

Circulars on request.

Cult "Queen" Tells of Being Chained Two Months to Bed Post

MRS. BLACKBURN REVEALS RITES

Says She Was Released by Angel Gabriel

"King" Served as Weather Man With Coffee Pot

More Weird Mysteries of Sect Disclosed

Mrs. "Grandma" Jennie Blackburn, "queen of the cult" in the Divine Order of the Royal Arm of the Great Eleven, remained chained to her bed for two months and sixteen days while her husband, Ward, "King of the North Star," acted as a weather man with a coffee can and counted automobiles on Wilshire Boulevard was told to investigators early last night as they continued to comb out the twisted strands of the cult's activities.

While officers shot questions at the cult members in an attempt to get to the bottom of the preservation for three years of the body of a 16-year-old member, Willa Rhoads, found under a Venice bungalow last week, as strange a story of weird practices and rites as ever has been recorded was unfolded.

PADLOCKED TO CHAINS
"Grandma" Blackburn, who is the 60-year-old mother of May Otis Blackburn, the latter held in jail with her daughter, Mrs. Ruth Wilshire-Rhoads, on fifteen counts of grand theft, led off with the amazing confession that she had been chained to establish a "point" or "meditation."

"Yes, I was padlocked to chains in a house on North Vermont avenue," she began. "But during that time I never was happier. The angel Gabriel finally released me—that is spiritually."

"I had the keys to the padlocks. The chains didn't hurt, and they were long enough to let me get down stairs. My concord of the musical scales called for me remaining at my 'point,' and the

WEATHER MAN FOR MYSTERY COLONY

Ward "King" Blackburn

angel told mother (Mrs. Blackburn) daughter, May Otis Blackburn, when to open the locks.

Tom Ward Blackburn, stepson of "Grandma" Blackburn and husband of May Otis Blackburn, spoke up and recounted how he made his "point" and "meditation."

COUNTED AUTOS
"I was the home boy," he told officers. "My duty was in the house and I remained at my 'point' by keeping tab of traffic and the weather. When we lived on Wilshire Boulevard, near Western—yes, there are lots of cars there—I counted and made a report to my wife. When we moved up in the Santa Susana hills I counted the trains."

"When the weather was clear—well, it was clear and I made a record of it. When it rained I put out a coffee can and measured the water when the storm was over."

These tales of how cult members complied with the "orders" which May Otis Blackburn asserts came from the angel Gabriel, led investigators to question the cult members as to the part they played in the involved religious creed.

SCRIPT HUNTED
In the belief that the manuscript of the "Sixth Seal" the book which Mrs. May Otis Blackburn and her daughter are asserted to have written through messages from the angel Gabriel, holds the key to the amazing chain of cult practices, police and deputies are conducting an intensive search for the script.

A copy of the first page of the first chapter of the book was located by The Times last night. It is titled "The Eyes-Time," and accords the number seven in the eye's ability to retain images.

The bodies of seven dogs were found with that of Willa Rhoads, indicative of how closely the practices so far revealed are tied in with the directions contained in the "Sixth Seal."

It was on publication of the book, asserted to be the planned climax of Mrs. May Otis Blackburn's life, that cult members were looking for the second coming of a Messiah.

They (the eyes) remember vividly every object, impressed upon them," the book reads. "And they recall any scene—if there is such a thing as time to the eyes—there

DAVIS URGES NO LET-UP AS CRIME DRIVE SUCCEEDS

Citing statistics to emphasize his point, Chief of Police Davis yesterday directed the attention of his division commanders, detective and police captains and detective lieutenants to the pronounced downward trend crime has taken in Los Angeles during the last six years and urged them to adopt measures looking to a continuance of the department's efficiency and the elimination of "loafing."

At the end of the fiscal year in 1923, Chief Davis pointed out, Los Angeles had but little more than half its present population. Records revealed that during the year there were reported 16,474 burglaries, 1,000 robberies, 1,000 auto thefts and 4436 stolen automobiles.

During the year ending June 30, last, there were 5581 burglaries, about the same number of robberies and 3670 stolen cars. And while the population has nearly doubled itself, the chief stated, the personnel of the police department has remained numerically unchanged.

Despite the fact there were more automobiles stolen during 1928-29 than during 1923-24, there was a decrease in proportion to the number of registered cars, which totaled 306,000 then as against 736,000 at the present time.

The records, which Chief Davis declared are gratifying in view of the comparative populations, are the direct result of increased police efficiency, not increased manpower, he said. Bearing this in mind he urged his men to keep up the "good work."

FOUR YEARS' WORK
One of Mrs. May Otis Blackburn's confidants yesterday revealed that the book takes up the organs of the five senses separately, states their uses and from these alone the "various 'concocts' to the sect members."

The "Sixth Seal" was completed in 1928, after nearly four years' work. It contained, it was asserted, since then Mrs. May Otis Blackburn, then known in the cult as "Her Heavenly Highness Queen May," has guided it as capably as her husband, "King of the North Star," and her stepson, "Ward Blackburn," have been married to Ward in Pasadena in 1923. No record could be found of this marriage.

San Francisco, California, where the "Sixth Seal" was written, was the scene of a "tooth infection," Santa said the cult leader had been "suffering" from a "tooth infection" for nearly five years and was about ready to reveal its contents when she was jailed.

HEALTH WORK HERE LAUDED
(Continued from First Page)
heads with a view to compiling data of Mexican labor conditions in Los Angeles city and county. Last night he was honor guest at an informal dinner at the University Club given by the agricultural department of the Chamber of Commerce.

From my investigations here I am impressed by the thoroughness of the health work being carried out in both your city and county," he said. "Nowhere have I seen such constant and efficient service of the poor and particularly the aged and infirm being rendered by the health department."

HARD TO COMPARE
"It is difficult for one to make a comparison of conditions among the poorer classes of Los Angeles and those of the city of Mexico," he said. "The health work here is a difficult one because of the lack of available statistics. The fact that much of the Mexican farm labor is done by groups or family units is another factor that adds to the difficulty of compiling reports in wages to the individual Mexican laborer in Southern California, the visitor said."

BOESS SCOFFS AT ACCUSATION
(Continued from First Page)
already included visits to New York and San Francisco, as explained by German Consul Hagen, who met the official party at Glendale. He said the party is a group of men of study and not pleasure.

Mayor Boess is particularly interested in traffic regulation, sewage disposal and airports. He is interested in the unification of all means of transportation in Berlin during his regime, and the organization of the city's largest airport. The present visit of the Berlin chief official and members of his staff is to give them an opportunity to study the methods of handling municipal problems.

Dispatches from Berlin have carried information that the charges of graft against the Boess administration are based on the manipulation of a contract with a company which supplies the German capital city with clothing, linen and hospital supplies. Members of the administration are accused of having aided in the manipulation and looted the city Treasury of several hundred thousands of dollars.

Customhouse for Wilmington Asked by Group
Removal of the customhouse and appraisers' stores to Wilmington is requested in a petition circulated by the Wilmington Chamber of Commerce. It was announced yesterday. That organization is petitioning for this move during the presence here of Col. D. P. Quinn, special assistant to the chief of government co-ordinator, who is making a local survey of the housing of Federal activities.

"KING" QUESTIONED
Cult members yesterday denied that the "Lord's Garden" in the "golden room" at the Santa Susana "shrine" was built for Willa Rhoads, working on the theory that the set was intended for a woman, indicated by a three-mirrored vanity dressing table, are attempting to link the furniture with the belief of cult members that Willa would come to life again.

Yesterday was the first time that the young husband of May Otis Blackburn has been questioned. The "King of the North Star" refused to state where he has been since Clifford Dabney, former member, informed that he had been in the investigation by filing lawsuits involving \$40,000.

Some idea of the scrambled relationships of the cult members was revealed by Walter Blackburn, 71 years of age. He said that he is the father of Ward and that Ward's mother died in Portland when Ward was 11.

WITNESS ADMITS PANTAGES 'PLOT'

Hectic Session Develops Over Testimony

Defense Attack on Hale Comes to Naught

Sheridan Reported Jailed on Check Charge

(Continued from First Page)
Attorney's office and had made a statement.

"Who, if anyone, told you to make the statement?" he was questioned. Another outburst from attorneys precluded the answer.

Finally Pitts asked the direct question: "Did you come to the District Attorney's office?"

"Yes," was the answer. "Did Pantages suggest that you come up and make such a statement?"

"Was that suggestion made during the conversation you related having with Pantages?"

"It was suggested," he said. "This brought more interruptions, but finally the questioning continued."

DID NOT HAVE KEY
"Have you a key to that little room?"

"No," he said. "Did Pantages say anything about the key?"

"Yes," he said that the key was always in Carl Walker's desk. Carl Walker was manager of the Pantages Trust.

EXAMINATION HECTIC
Cross examination of the press agent started out as hectically as his direct examination and had not been completed when court adjourned. Judge Fricke admonished the witness not to let counsel for either side talk to him before court resumed this morning.

"Have you any fear of the District Attorney?" began Defense Attorney Ford on cross-examination.

"No," replied Jobelman. "Well, you did fear him when you were in his office making this statement."

"Because I had told an untruth that came the press agent's answer. 'Fits shook his fist at you, didn't he?'"

The courtroom laughed. Ford tried to draw a statement from the witness that when he and Pantages were talking on the day after the asserted attack (Saturday) that Jobelman was not expecting to go to the District Attorney's office.

"SUGGESTED" STRUCK OUT
"No, we believed I would be called Monday," testified the publicity man.

Although Jobelman frequently used the word "suggested" in his testimony, Judge Fricke later ruled that this be stricken from the record on the ground that a suggestion must necessarily be the conclusion of the witness.

UNION OIL MAY BACK OCEAN HOP

Company Officials Confer With Kingsford-Smith Today on Atlantic Flight

Whether the Union Oil Company will back the proposal of Capt. Charles E. Kingsford-Smith to attempt to fly over the tempestuous Atlantic Ocean from east to west is expected to be determined at a conference the noted birdman will hold with company officials today.

He arrived here late yesterday from Santa Maria in company with Capt. G. Allen Hancock, who backed his famous Southern Cross flight from United States to Australia, and spent the night at Capt. Hancock's home. They made the trip in Hancock's trimotor biplane.

Capt. Kingsford-Smith when he first arrived here from the East earlier in the week said he came to get someone to finance such an adventure. Union Oil Company officials came into the negotiations and today is to determine their outcome.

The aviator's plan tentatively provides for spanning the Atlantic from Amsterdam in New York. He was feted by Santa Maria Valley Chamber of Commerce at Santa Maria Wednesday when he went to confer with Capt. Hancock.

SHULER RULING DUE ON MONDAY
(Continued from First Page)
statement be contempt of court. I'll rot in prison before I retract it."

Bringle added that he has the fullest confidence in Judge Gould and Tappan, and after the address hints that Shuler may inaugurate a recall movement against Judge Hardy were made when he stated that "after the case is closed we are going to blow things up."

Rev. J. Whitcomb Brougher, Jr., pastor of the Glendale church, said yesterday that Bringle had appealed to him to help in suppressing the publication of the remarks about Judge Hardy.

City Lifeguards on State Lands Declared Illegal

Use of city funds for a life-guard service on the three miles of State tidelands between Santa Monica Canyon and Castle Rock is illegal, according to an opinion by City Attorney Werner.

The Board of Supervisors and Recreation Commission yesterday decided to notify the Board of Supervisors and owners of frontage along the tidelands of this fact.

Failure of the past of the city in the Legislature last spring, which had for its object the placing of jurisdiction over the tidelands with the Playground and Recreation Commission, has resulted in the unusual situation of neither the city nor the county being responsible for life-guard service along the tidelands.

VETERAN MINISTER TO BE BURIED TODAY

Funeral rites for Rev. Andrew P. Ekman, veteran Baptist minister who died Tuesday at his home, 2843 Fletcher Drive, will be conducted at 2 p.m. today at the First Baptist Church, 1022 West Eleventh street.

Interment will be in Forest Lawn Memorial Park. Mr. Ekman labored for 35 years in the churches during his half-century of service as a minister. He had been a resident of Los Angeles for six years. He was 75 years of age. He leaves his widow, Mrs. Marie Ekman.

Fire Board Hears Complaint of Irate Motorists

Permit of Operator Revoked by Commissioners

Permits of all service-station operators meeting the public by giving short measure of gasoline in Los Angeles are to be revoked, the Fire Commission announced yesterday, as the result of numerous complaints filed by irate motorists.

President Werdin stated that stern treatment will be meted out to all operators because the Fire Commission is the only body in position to protect the public from such practices.

Action to weed out all such operators was urged by Fire Chief Scott, who stated that complaints of a rise in the price of gas should be done. He stated that no excuses should be accepted and that operators should be held responsible for the condition of their gas pumps and the prices of their employees.

The board revoked the permit of Maurice De Lay, operator of a station at 1420 Colorado avenue, who has been charged with shorting motorists. He was charged with shorting motorists brought in Municipal Court by the County Department of Weights and Measures. De Lay, admitted to be guilty in court, was fined \$50 and his permit was suspended for 30 days.

Charles R. Carabe, operator of a station at 7011 South Figueroa street, was allowed to continue operation with the proviso that at the first complaint his permit will be revoked, after it was shown that Marvin L. Kitzke, who was working

OPEN POINT

Of course the Bible contains Red's. Those shall not come. If he won't listen to your side there is more prejudice in his side.

Man is a herd animal. He longs for solitude he has soul problem or a budding tactician.

A typical American is one who thinks it generous of us to give the Indians a reservation.

Still, a woman's "no" doesn't mean "yes" to anybody except a lover and a peddler.

Some mothers retain the best affection of their sons and others call the poor kids names in public.

In only one instance has the world scorned a reformer who was free of fault.

You can be a true pacifist and yet determine to buy the right stock next time it comes.

No political aim is as foolish as the people who keep it alive by persecuting it.

Americanism: An idealism that soothes the conscience and uplifts the soul and never is permitted to interfere with friends.

The pathetic S.O.B. of the Navy crowd probably means "Save Our Shipbuilders."

Scientists say different species never unite in nature. What about the political bee and the humbug?

But why do youngsters selling their way through school by selling things always try to sell something you don't want?

Spanking wouldn't be so effective now, anyway. In the old days parents had corns on their hands.

A hick town is a place where neighbor winks at neighbor when a widower appears in a clean collar on Tuesday.

The way to find the last fly of the season is to try taking a nap on Sunday afternoon and look the end of your nose.

"I need time of peace," it isn't your patriotic duty to hate people you like and love those you despise.

The passing of the season really did light the lamp of home. Dad is yawning there wondering when the family will come in.

Correct this sentence: "When I get letters of criticism," said the public man, "I never console myself by calling the writers cranks."

READING THE ADS

I read the ads in public prints of bargain sales in silk and chintz, and profit much thereby; I read about the new pig hat that would adorn a plutocrat, the latest nifty tie. When I have read the wide world's news, the editor's uplifting views, the narratives of crime, the ebb and flow of Wall-street tides, I give attention to the ads and have a bully time. And thus I learn what things to wear if I'd be trim and debonair.

I can buy a cane, a silver-mounted watch and chain, a talisman for my face. This is the proper way to read the ads in which the merchants plead that which you will come again; the daily papers give details of all the price-upsetting sales that gladden the hearts of men. The big board signs along the road, which only irritate and annoy, spring thoughtful, seeing man, spring nothing new from year to year, the same old legends there appear, as when that graft began, as when that graft began, as when that graft began.

Man wants the news in all his ads; he'd hear about the latest fads, the fashions of the day, the tireless ad that changes not, designed to hit the spot, with any modern day. The big sign reads, "For Tennis shoes repair to Westover and Hughes, and get them good and cheap." It's standing there, it reads the same, when no one plays a tennis game. And all the time it blocks the view of lovely hills, a lake or two and still not people's wrath; they shut off patronize the men who sell and views of glade and green, lovely woodland path. We read lovely woodland path. We read lovely woodland path. We read lovely woodland path.

Those Blitzen rats which ate malt, soup, ladies. And household effects must have had migratory compasses for rats chattering on telephone cables in New York recently were responsible for sudden stoppage of communication over a large area.

WELL-MASON

ARREST CLOSES LENGTHY QUEST

Suspect in Hold-up Slaying Taken After Six Years

Prisoner, Sought for Quiz, Held in San Francisco

Capture Revives Inquiry Into \$600,000 Robbery

Investigation into the \$600,000 bond robbery and brutal murder of Sam McGee, colored chauffeur for the First National Bank in 1923, was revived yesterday with the arrest in San Francisco of Glen Page. He has been sought by local authorities for questioning in regard to the shooting and robbery.

Chief of Police Quinn of San Francisco declared the arrest was made on information in his office that Los Angeles police had identified Page as a partner of James Hawthorne, a suspected associate of the bandits who engaged in the robbery. Hawthorne now is serving a sentence in San Quentin for a jewelry robbery in San Francisco, local police stated. No one ever has been apprehended here in connection with the murder and robbery, according to Captain of Detectives Cahill, head of the local police robbery squad.

Detective Lieutenants Brown and James were assigned to round up as many witnesses of the robbery as they now can find in an effort to identify a picture of Page. If such an identification is made the detectives will remove Page to this city, Cahill declared.

McGee was chauffeur for two Messengers of the First National Bank. As he neared the corner of Fourth and Wall streets, three bandits in an automobile opened fire with a shotgun without warning. McGee's head was literally blown off. The bandits escaped with about \$600,000 in bonds and securities. All but \$17,000 worth of these were recovered later, some of them found by an Italian family buried in a marsh between here and Venice.

TAX GROUP DEMANDS DRAIN OR REFUNDS

Saul S. Klein, representing the Citizens and Taxpayers' Protective League, yesterday filed a communication with Council declaring that the property owners of the West Adams district between Vermont and Normandie avenues have paid assessments for storm drains, but that the drain is not forthcoming. Mr. Klein, on behalf of the league, asks that the city either install the drain or refund the money. The matter was referred to the City Engineer and Public Works Committee.

British Churchman Studio Guest

Here in Interest of World Peace Bishop W. Bertrand Stevens, Bishop Frank T. Woods and Louis B. Mayer.

NOTED CLERGYMAN FETED

Englishman High in Church of Empire Says Revised Prayer Book Row Heralds Great Change

Important changes in the relations between the church and state in England as the probable outcome of the present controversy over the adoption of the revised prayer book were forecast by Rt. Rev. Frank T. Woods, Lord Bishop of the Diocese of Winchester, at a dinner and reception given to him last night at the Elks by the Diocesan Men's Club.

Bishop Woods did not mention the word "disestablishment," but he said the Anglican Church is "prepared to forego her age-long relation with the state rather than relinquish or impair her age-long authority in matters of faith and worship."

In introducing the subject he reminded the diners that in England the Episcopal Church is the established church and explained that the revisions of the prayer book prepared by the clergy needed Parliamentary sanction for their adoption.

WILL NOT GO BACK

"In the impasse which thus has been reached," he said, "it is obvious that the church is not going to go back on itself. He gave his own position on the probable outcome by saying 'the church must be willing to break tradition and assert its own sovereign rights.'"

Undoubtedly, he said, a critical position has been reached in the revision of the church and state in England and he forecast that a commission will be appointed to inquire into the whole question. This commission probably will require two or three years for its labors, he added, as its recommendation will probably be in the nature of a complete revision of these relations, and he intimated that if disestablishment will be the price demanded for the relinquishing of secular control over matters of faith and worship, he and the other high clergy of the Anglican Church are prepared to agree to that solution.

OTHER SPEAKERS

Bishop Woods was introduced by Bishop Stevens of the local diocese, who stressed the visit of the English prelate as an important contribution toward the rapprochement between the British and American peoples in the interest of world peace. This note also was stressed by Bishop Woods in his address and by the other speakers on the program, who included Mrs. Woods, Dean Neal of St. Paul's Cathedral, Rev. Dr. Van Dusen, senior priest of the diocese; Reverend Canon John D. H. Broome, Rev. Dr. George Davidson and H. Ivor Thomas, president of the club, who presided.

Earlier in the day high officials of filmdom gathered at the Metro-Goldwyn-Mayer studio to meet Bishop Woods.

Louis B. Mayer was host to Dr. and Mrs. Woods at an informal luncheon, which was followed by an inspection of the studio.

The noted English clergyman expressed special interest in the large stages and elaborate equipment used. His questions indicated that he sees in the talking-picture expansion of educational and religious activities.

The lord bishop, second ranking bishop of the Church of England, also is a member of the House of Lords. He is in the United States on a definite mission for the promotion of peace. His careful inspection of the talking-picture situation was made with that thought in mind.

The guests included at the luncheon were Rt. Rev. W. Bertrand Stevens, bishop of Los Angeles diocese, and Mrs. Stevens; Dr. Harry Neal, dean of St. Paul's Cathedral, Los Angeles, and bishop-elect of Honolulu; Cecil B. De Mille, Irving Thalberg, Rev. and Mrs. Neal Dodd and Fred Niblo.

Receiver for Repetto Hills Company Cited

On the petition of the Oil Wells Supply Company, a creditor, United States District Judge James yesterday cited Arthur S. Wickstrom, receiver for the Repetto Hills Petroleum Company, to appear on the 28th inst. and show cause why he should not be removed from office as well as denied compensation for his asserted failure to render an accounting.

The petition sets forth that Wickstrom was appointed to the receivership in November, 1926, and that despite repeated requests for an accounting and distribution of assets he has neglected to enlighten the company's creditors. It is contended he should have rendered an accounting on or before September 21, 1927. Wickstrom was named receiver in connection with an action brought against the Repetto Hills Company by the Julian Petroleum Company.

You'd have to GUESS about flavoring a rice pudding this size

How much sugar? How much vanilla? How much spice? You'd know exactly if you were making a pudding for four people. But this one...!

It is just as difficult to develop the ideal flavor in coffee when it is roasted in bulk. A few pounds at a time is the exact way and that's the secret of Hills Bros.' continuous process—Controlled Roasting. The flavor is controlled because every berry is roasted evenly.

No bulk-roasting method can ever produce the rich flavor and smooth strength of Hills Bros. Coffee. And because Hills Bros. Coffee is sealed in vacuum tins, you get all of this goodness. Ask for Hills Bros. Coffee by name and look for the Arab—the trade-mark—on the can. It is sold everywhere.

HILLS BROS COFFEE

Fresh from the original vacuum pack. Easily opened with the key.

To avoid guesswork about flavor, Hills Bros roast their coffee a few pounds at a time by their patented, continuous process—Controlled Roasting.

Early Shopping Food Pages

Shop early in the week! It will save you time and money and you will avoid the weekend crowds.

HOUSEHOLD SUGGESTIONS

All the implements for cleaning a house should be kept in a clean cloth in the bottom of the bathroom. Then there is no chance of the member of the family who comes out his or her tub after a bath.

Economy

Many housewives find it economical when buying a new broom to have the broom cut off so it can be used for sweeping the kitchen and then the broom is largely wasted.

NEW WAY TO STOP UNDER-ARM PERSPIRATION

Science perfected its note its 4 advantages

Science brings you this better way to check under-arm perspiration and end offensive odor. Now you can prevent this embarrassment, avoid discomfort, save clothes—none of the disadvantages of older and sometimes unsatisfactory methods. Only Ever-dry has these four important advantages:

1. Easier to apply, with convenient sponge on cork.
2. Will not smart or irritate. Anyone may use it without hesitation.
3. Dries quickly. Can be used any time—day or night.
4. Pure and colorless. Will not stain or harm clothes.

Start using this better method today. 50c a bottle at all drug and department stores. Remember the name—Ever-dry. Ever-dry is the perfected formula of medical science, we guarantee to refund the purchase price if you do not find it more satisfactory than any similar product.

Kellogg's Corn Flakes are delicious for lunch and dinner as well as breakfast. Serve with milk or cream, and for variety, add fruit or honey.

Insist on Kellogg's—the original Corn Flakes. Always serve crisp. 12,000,000 people daily prefer them.

Sold by all grocers. Served by hotels, cafeterias, on diners. Made by Kellogg in Battle Creek. Over fresh in the red-and-green package.

PRACTICAL RECIPES

Buy your household needs when the week is young! Prices are better then and the goods are fresh and complete.

WINDY SOUP

One of our favorite soups, which the wind-blown leaves, which are so plentiful in the fall, are used in this soup. It is a most delicious and nourishing soup, and is especially good for the cold season.

PICKLED FIGS

M. S. La Habra: Select figs that are fully formed, but barely ripe and leave the stems on. Place in an earthenware dish, cover with a brine made by boiling a gallon of water with one pound of salt, cool and pour over the figs. Let stand overnight, drain and rinse in five cold waters. For eight pounds of figs place in a kettle four pounds of sugar, half an ounce of cinnamon, stick, half an ounce of cloves, half an ounce of ground nutmeg and one quart of mild vinegar. Bring to a boil and when the sugar is dissolved drop in the figs, cook slowly until they can be pierced with a straw. Lift out, pack lightly in jars, cover with the hot syrup, seal and store in a cool dark place.

INDIAN RELISH

E. J. C. and P. W. L., Los Angeles: Remove the seeds from six green tomatoes and cut in slices, mix with them two seeded and sliced ripe tomatoes, two seeded and sliced green peppers, two seeded and sliced medium sized cucumbers, two peeled and chopped onions, cover the vegetables with one cupful of salt, let stand for twenty-four hours, and drain well, place in a kettle, add two cupfuls of vinegar and one cupful of water, bring slowly to a boil and drain, mix to a smooth paste, three tablespoonsful of sugar, one teaspoonful of ground cinnamon, one teaspoonful of turmeric, one quarter of a teaspoonful of ground cloves, one quarter of a teaspoonful of ground allspice, and four tablespoonsful of vinegar, place two cupfuls of vinegar in a sauce-

pan, bring to a boil and add three

FLANK STEAK CREOLE

E. P. T. Hollywood: Procure a flank steak of the butcher, having him score it, and if liked you can stuff it with a mixture of bread crumbs, finely chopped onions, finely chopped green peppers, finely chopped pimientos and a seasoning of poultry seasoning, salt and paprika. Place it in a baking dish, and pour over it the following sauce; place in a saucepan six tablespoonsful of butter, one thinly sliced onion, two medium-sized thinly sliced green peppers, sliced until the onions and pepper are soft, then add two cupfuls of tomatoes, one medium-sized can of sliced mushrooms, two thinly sliced pimientos, one chopped clove of garlic, and a seasoning of salt and chili powder, cook the sauce slowly for one hour, then pour it over the flank steak, place in the oven and broil until the steak is tender, or the steak may be seared quickly on both sides and cooked in the sauce.

ASSESSMENT DISTRICT APPROVED BY COUNCIL

The modified assessment district for the improvement of Topanga Canyon avenue between Roscoe and Burbank boulevards was confirmed by Council yesterday. Also confirmed were the assessments for the improvement of Beacon street from Harbor Boulevard to Fourth street (harbor district). Hearing of protest against the improvement of Monterey Road from Pullman street to Huntington Drive north was continued until the 25th inst., while the confirmation of assessments for the improvement of Carmelina avenue from Cliffwood avenue to Beverly Boulevard was continued until next Monday, and confirmation of assessments on the improvement of Clinton street between Hoover street and Virgil avenue was continued until next Wednesday.

OCEAN RUM RUNNER SUSPECTS ARRAIGNED

Mike Johnson and Ben McCarthy, asserted rum runners taken in custody aboard a fishing smack at sea recently by a crew of the Coast Guard, were arraigned before United States Commissioner Head yesterday and held under \$5000 bond each, pending a hearing. The complaint charges that at the time of their capture the men were in possession of 300 cases of liquor which was confiscated by the officers. It is believed Johnson and McCarthy will sue to recover the asserted contraband on the ground their capture was effected outside Federal jurisdiction.

Jury in Damage Suit Discharged

A jury in Superior Judge Keetch's court yesterday was discharged after announcing it was unable to agree on a verdict in the case of Gerald Hobson, 2 years of age, suing the Pacific Electric Railway for injuring suffered May 4, last, in an accident at the East First-street crossing of the Pacific Electric-in Long Beach.

Four More Policemen Face Quiz

Grand Jury Will Resume Its Inquiry Into Asserted Liquor Graft Today

Four additional police officers may be indicted by the Los Angeles county grand jury today as it resumes its inquiry into asserted bootleg graft. Percy V. Hammond, deputy district attorney in charge of grand jury matters, announced yesterday.

Nearly a score of residents of the Central-avenue district, most of them colored, have been subpoenaed to tell what they know of bootleg protection arrangements between certain officers and bootleggers in their neighborhood, it was revealed.

Two other officers, already under indictment charged with extortion and accepting bribes, will be re-indicted today and charged with additional counts, Hammond said.

The grand jury also is expected to delve deeper into a Hollywood bootleg ring's operations which are said to have been directed by Ted Smith, who was indicted secretly a week ago and how is a fugitive. It was indicated that new information has been obtained which may lead to a shake-up in the staff of a suburban police division as a result.

NEW HORIZONS

THE DESIRE to progress brought the first pioneers to California—transformed arid lands into verdant fields—opened world-wide markets to California products—changed pueblos into towering cities.

This same spirit is today alive and vital. Californians are looking toward greater achievement—toward new horizons.

Like the State that it serves, the Bank of America is not content to rest on past accomplishment. It is planning and building for the future. In this power to grow lies its strength and its unsurpassed ability to serve.

Depositors throughout California will continue to find in the Bank of America facilities not merely adequate—but on a scale that assures the utmost satisfaction to every customer.

YOUR NEW HORIZONS

A Savings Account with the Bank of America is the sound foundation for future happiness and prosperity. The experience of every man, woman and child is in and on the accomplishment of your plans. We will welcome the opportunity to serve you.

Of Interest to Women

GIRL HORSE TRADER NOW IS FAMED STYLE PROPHET

Manufacturers of fabrics for women's clothing reward generously those modern cranes who can forecast the trend of fashions six months or a year ahead.

Mistakes are costly. Fabric mill operators and wholesale cloth merchants try to avoid losses by hiring alert young women to tell them what the fashion world will be asking for in the way of clothing a season or two later. And the experts earn from \$25,000 to \$50,000 yearly.

Alma Archer is one of the thousands of girls who arrive each year in New York to launch their careers.

Five years ago she left Galesburg, Ill., and arrived in New York with \$7 in her handbag. Her experiences consisted of horse trading with gypsies whose trail crossed Galesburg, a year as secretary to a local railroad official and a year doing magazine editorial work in Chicago.

Miss Archer worked awhile as secretary to the merchandising manager of a large department store, then went to Paris to watch the fashion wheels go round. She returned to New York and became an adviser on styles to buyers for big department stores in various parts of the country.

She made tests of her forecasts and found that her hitting average

ALMA ARCHER

was high enough to warrant a position as style prophet to mills, wholesale houses and retail dealers.

Evangelization of Jews Will Be Sessions' Topic

The fourth annual conference on Jewish evangelization in Southern California will be conducted today, Sunday and Monday at Immanuel Presbyterian Church, under the auspices of the Hebrew Community Center. Sessions will begin at 2:30 p.m. today with devotion to be led by Rev. E. W. Hays. At 3 p.m. Dr. Louis S. Bauman will speak on "Jacob and Esau" and will be followed by Dr. Isaac Ward, who will discuss "The Gentile's Responsibility Toward Israel's Salvation."

The conference this evening, to be presided over by Dr. Stewart F. MacLennan, pastor of First Presbyterian Church at Hollywood, will include addresses by Hebrew Christians and a sermon on "If I Were a Jew," by Dr. John Shupe of Temple Baptist Church.

"Why are Jews Like They Are?" is the question to be discussed by Dr. G. A. Bringle at the session at 8:45 p.m. Sunday. Another address will be given by Rev. I. O'Hell. Services Monday will be conducted at 2:30 p.m.

STREET OPENING URGED

A request for a petition to be circulated for the opening of Graham avenue from One Hundred and Seventh to One Hundred and Eleventh street was filed with the Council yesterday by J. C. Outrayer and referred to the City Attorney and Opening and Widening Committee.

Girl Treated After Bite by Stray Terrier

Margaret Fisher, 14 years of age, daughter of William Fisher, clerk in Department 43 of the Superior Court, went under the Pasteur treatment at her home, 1718 Roma avenue, South Pasadena, after being bitten by a little stray fox terrier last Sunday.

Two other children in the neighborhood also were bitten by the animal. The authorities now are making an effort to locate them. After the three children were bitten the dog was taken to the South Pasadena Humane Society Hospital, where, it is asserted, it had symptoms of being affected with rabies. The dog died Wednesday. Miss Fisher was placed under the Pasteur treatment as a precautionary measure. She is being treated by her uncle, Dr. Charles A. Fisher.

SUMMER RAIL FARES TO BE LIKE THIS YEAR

No changes will be made in Santa Fe summer tourist fares for 1930, according to James B. Duffy, assistant passenger traffic manager, who announces that the same rates and conditions of the 1929 season will apply. Eastbound summer tourist fares will be on sale from May 22 to September 30. Westbound fares will be on sale from May 15 to September 30. October 31 will be the final return date.

HOUSEWIFE GIVEN TURN IN CLEAN-UP

Today Housecleaning Days as Result of Many Demands from Women

In response to demands of women all over the city that they be allowed to participate more actively in clean-up and paint-up week, the Junior Chamber of Commerce, which is sponsoring this campaign, has selected today as housecleaning day, thus giving all the city-minded women in Los Angeles ample opportunity to help brighten up the city.

Housecleaning day is sponsored by the Federation of Women's Clubs. Every housekeeper is, therefore, urged to enter into the spirit of clean-up and paint-up week today. The house can be made spotless from front to back porch, particularly closets and shelves which do not receive attention every week. Air and sunlight work wonders for clothing and bedding. Fresh curtains can be hung on the windows, worn linoleum replaced and the house made clean and beautiful to receive cast-off articles that welfare associations are only too full. In sorting out and laying aside old clothing and shoes, housewives are reminded that charitable and still can be used by the poor and needy.

Boys' Avio Club Will Be Formed Here Tomorrow

Establishment in Los Angeles of an Avio port by Avio of America, a national organization for bringing American youth into closer contact with aviation, was announced yesterday by G. E. Nagel, president of Silverwood, sponsor of the local body.

Tomorrow morning, the Wilshire Avio Club, with a membership of more than 100 boys, will come into existence following a formal organization meeting at 10 o'clock in Silverwood's new Wilshire store, 5522 Wilshire Boulevard.

Members are now being enrolled for a second club, to be known as the Downtown Avio Club, and plans call for the first meeting at an early date at the corner's downtown store, Sixth and Broadway. Any boy between the ages of 8 and 18 years, who is in good standing at school will be welcomed into the Avio club, members of which will engage in model-building competitions and similar activities.

MAN BADLY HURT AS BOILING TAR EXPLODES

Boiling tar exploded yesterday, covering Ernest Reichardt, 60 years of age, while he was working in the yard of his home at 1328 South Record street. Reichardt was melting the tar in preparation for doing some roofing. He received first and second-degree burns on his face and hands. His condition was pronounced serious by Dr. Jacobs, who treated him at Georgia-street Receiving Hospital.

NEWS OF THE CAFES

The formal opening of the new Russian Bear Cabaret in the basement of the Christie Hotel, Hollywood, will take place next Thursday evening, according to George Du Count, well-known restaurateur recently of New York City.

The basement is being entirely reconstructed and converted into a palatial dining, dancing and entertainment place. Extensive preparations are being made to make the opening spectacular and one of the most notable of its kind ever seen in the West.

PARTY FOR RED JACKETS

A welcome party to the California Red Jackets, a nationally famous orchestra direct from vaudeville, will be celebrated tonight in the Moorock Inn, located on Sunset Boulevard, Hollywood. Ray Hughes will be guest master of ceremonies and the management announces that the most elaborate show ever presented in that establishment will be featured.

MORE SEATS REQUIRED

A building program whereby the seating capacity of the Ranch House on Riverside-Redondo Boulevard will be doubled to accommodate the increasing patronage is announced by E. Jones, the manager. This popularity is declared to be due to the fact that all chickens and vegetables are raised on the ranch and that the baking of pastries as well as the cooking is done by competent women cooks.

SCREEN STARS TO FROLIC

Heralded as the greatest night in Blossom Room history this coming Monday evening has been designated for a Metro-Goldwyn-Mayer frolic in tribute to the stellar artists of the M-G-M organization. Eugene Stark, managing director, is making elaborate preparations for the festivities and every star from the Culver City studios is expected to be present. Special musical numbers are being arranged by George Olsen and his band.

DIRECTOR SHOWS PEP

Jerry Ryan, the new master of ceremonies at Coffee Dan's on Hill, near West Seventh street, is well known in both picture and musical comedy circles. He has appeared in productions at the Fox studios, Universal studios and several shows on Broadway. It is said, Jerry keeps things pepped up nightly at Coffee Dan's and often entertains the patrons with his rich baritone voice.

FASHION SHOW AT CAFE

The fifth of a series of fashion shows will be presented at Paul Perrot's Cafe during the Saturday luncheon hour, with music provided by the famous Laughner-Harris orchestra. Dancing also will be a feature of the luncheon.

Your Baby and Mine

by MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A simple and self-addressed envelope, forwarded to this office, will bring a personal reply.

INADEQUATE DIET MAY BE CAUSE OF CONSTIPATION

Mrs. J. C. M. writes: "I have been reading your column for some time and find it most beneficial. My baby is 11 months of age and weighs twenty-two pounds. Is he heavy enough? He has always been troubled with constipation, has seldom had a natural movement, and has been terribly cross this last week. He has watery-looking pimples on his face, hands and feet, but not on his body. Would they be caused from his stomach? He has eight teeth, but hasn't had any more for about three months. He sleeps well at nights I put him in bed at 9 and he sleeps until 8 the next morning. "His diet consists of milk, cream of wheat in the morning and oatmeal at night, and a cup of orange juice which he drinks well from a glass. I have never been able to get him to take water. I know this is important."

"One day he will look plump and rosy, feeling fine, the next day he looks pinched and acts fussy." Answer: The baby's weight is above average for the seven-pound-at-birth baby, but as you didn't include the birth weight I don't know whether he is really above weight or not. His present weight depends on the start he had. It is impossible to tell you the

cause of the pimples. "Watery" pimples is a pretty indefinite classification and might be anything from prickly heat to scarlet fever. I should certainly consult a doctor and have him diagnose the ailment. If the baby is a large, plump type, with soft muscles, he would have a tendency toward constipation. The baby with large, fat abdomen with little tone or "push" in his muscles is so often constipated. Also the lack of sufficient fluid in his diet might be responsible for his tendency to look pinched and thin one day and fat the next. The amount of milk he gets is important, for if he drank too much milk he would take less water and this might still give him too little fluid for his daily needs.

You may have the diet listed to check up on his present diet and make some alterations, adding sieved vegetables or vegetable soup as a means of getting both more bulk and more fluid into the diet. I would mix his orange juice liberally with water and give it twice daily, and offer him small cups of water, which he can handle himself, in order to encourage his drinking of it. You are likewise welcome to the leaflet called "Foods and Remedies Helpful in Constipation" for the usual self-addressed and stamped envelope.

It has a tempting flavor—and high food value

SHREDDED WHEAT

The crisp, crunchy shreds of whole wheat have a delicious flavor when heated in the oven and covered with hot milk. Here are vitamins and mineral salts and everything the body needs for perfect nourishment. Delicious for any meal.

BUSINESS OPPORTUNITIES OF ALL SORTS OFFERED TODAY—Every imaginable kind of business is advertised in TIMES WANT

A Revelation In Toast-Making As Millions Now Testify

This Slo-baked Bread Dietitians are Endorsing

To get it, you go to your grocer. He has it fresh daily. But first please note the rather remarkable facts we print below. Particularly our now famous "toasting test."

Now comes a new way to golden brown toast.

A proven way that largely eliminates burned, uneven edges, and produces perfect toast in quicker time.

It's a delicious bread that you use. A slo-baked bread extremely dainty in flavor. Also easier to slice, and amazing in its freshness.

To use it once is to insist on it always. Millions of women have found this to be so. So get it, please, today. Ask for it always by the name, "Wonder Bread," to avoid all possible confusion with ordinary brands.

How It Promotes Health

As the new-day bread for toast, Wonder Bread has won women by the millions. But in considering this, please do not overlook the wonderful things it does in fostering a healthy, happy family.

In the matter of caloric value it is most remarkable. Each loaf you buy contains more than 1100 calories.

Hence if eaten daily Wonder Bread replaces as much as 30% of all the energy your children burn up in play. Thus it promotes active minds and bodies, and brings a new glow to pallid faces. It provides, in addition, much necessary protein. The food element, as you may know, that replaces

We use double the usual amount of milk. Our drop is pasteurized.

We employ, too, a special method of baking. Slo-baking, it is called. A proven, scientific way that seals in the dietetic value of our ingredients and vastly improves their flavor.

Won't You Try It?

So please try Wonder Bread today. Simply ask what it offers you and yours. Note its dainty flavor. Its freshness. See how evenly it toasts. How easily it slices.

But remember! Ordinary breads are not like this. Avoid them. Insist on Wonder Bread always. Only from this one remarkable bread come the benefits described above. Hence, since it costs no more, to accept any substitute is folly.

Continental Baking Company

Make This Amazing Test

Here's a test that proves how good Wonder Bread really is: Take a slice of Wonder Bread and a slice of any ordinary bread. Then toast each the same length of time. The Wonder Bread toast will be browned evenly over the entire surface. No scorched edges. No uncooked spots. The other partially, and unevenly browned. This test will astonish you. Just try it!

FOX

THE story of William Fox is the History
of the Motion Picture—a pioneer, who,
by his courage, integrity, independence and
foresight has transformed an
obscure enterprise into a
magnificent art. It is signifi-
cant that the Fox enterprise
is the only Motion Picture
endeavor to attain a quarter
century of world-wide growth
and success.

Are Invited
To Celebrate

THE SILVER
JUBILEE

of the

WILLIAM FOX
THEATRES

MONDAY, OCTOBER 14th

and continuing for the entire week,
every Fox theatre throughout the
United States will observe this event
with a splendid entertainment befitting
the attainment of a quarter century of
remarkable growth.

FAR MORE IMPORTANT

Than even the entertainment, will be a
message from William Fox of vital concern to
the future welfare of every patron of Fox
Theatres. In 25 years the Fox Organization has grown
from a nickleodeon to the most gigantic enterprise in the
world. This unparalleled success could not have been possible
without the whole-hearted response and liberal support ex-
tended to William Fox by the American people. **On this
occasion William Fox will disclose through
the Movietone screen of each Fox Theatre his
plan to repay you in material profit for this
quarter century of generous patronage.**

GUILT ADMITTED BY HYMIE COHEN

Plea Entered in Narcotics Sale Charge

Hundred Ounces Disposed of to Peddler

Similar Accusation Against Wife Dropped

Hymie Cohen, asserted leader of a Los Angeles narcotics ring, yesterday pleaded guilty to one of the sixteen counts of violation of the State narcotic law, admitting he had sold 100 ounces of narcotics to a woman peddler last June. Sentence will be pronounced Monday.

Cohen was arrested last July by detectives under Capt. Tom O'Brien, chief of Dist. Atty. Fitts' bureau of investigation, and Capt. Harry Sawyer of the police narcotic detail, and \$50,000 worth of narcotics were seized, according to their reports. The raid on Cohen's home at 109 South Hobart Boulevard was conducted by the officers after keeping the man under surveillance for several months. It was not until they had authoritative information from a member of Cohen's ring that the officers searched the house. They

LAST FAG IN GAS-FILLED ROOM BRINGS AMBULANCE

(Illustration on Picture Page) While awaiting death by gas asphyxiation in the bathroom of her home at 6226 Wall street, Mrs. Myrtle Hummel, 38 years of age, yesterday struck a match with which to light a last cigarette, causing an explosion that blew out an entire side of the house and sent her to Georgia-street Receiving Hospital with possibly fatal burns.

According to statements Mrs. Hummel gasped out to surgeons and nurses, the woman was deserted by her husband three weeks ago, since

which time she has been despondent. Her brooding and sleeplessness resulted in a nervous collapse and yesterday she determined to end her life. After turning on the gas, she reclined on the bathroom floor and awaited the end. Before losing consciousness she decided to smoke and as she ignited the match the resulting explosion hurled her and one of the walls into an adjoining yard.

Police Surgeon Jacob reported Mrs. Hummel was suffering first, second and third-degree burns over the entire body.

and is expected back in this city

Among the national air tourists who have announced plans to visit this city at the time of the aircraft show are Maj. Clarence Young, Frank Hawk, George Haldeman and Roger Williams and Col. Arthur Goebel.

Plans for the aircraft show now have advanced to where it is certain it will be the greatest national aeronautic exposition ever held in America. It is stated by Fred A. Worthey, president of the board of officers.

Although the manufacture of rayon was started in this country ten years later than in Europe, the present productive capacity of American mills is approximately twice as great as those of any European country.

HUGE PLANT ANNOUNCED FOR COAST

Procter and Gamble Will Erect Factory, Official in Cincinnati Reports

Procter & Gamble will erect a large plant on the Pacific Coast, its announcement being made yesterday at Cincinnati by Herbert G. Bench, vice-president of the company. The location has not been selected.

A representative of the Procter & Gamble company was in Los Angeles last May looking over available sites for the factory. J. J. Moran, representing the company, met with Chamber of Commerce officials at that time. The Cincinnati firm, it was announced then, was considering several sites but the local chamber was assured that if the company decided to build that in all probability Southern California would be selected.

The new plant will cost in the neighborhood of \$3,000,000 according to the statement made by Moran and will employ approximately 600 persons. The company has large plants on Staten Island, N. Y.; at Ivorydale, O.; Dallas and Kansas City and is now building a plant at Baltimore.

The operations of the company extend throughout the world, raw materials being brought to this country from all parts of the earth to be fabricated into soap and other products.

CHRISTIAN SCIENCE LECTURES ARRANGED

Free Christian Science lectures will be given by Miss Lucia C. Coulson, C.S. of London, as follows: Monday at 8 p.m. in Fifth church, 7107 Hollywood Boulevard; Tuesday at 8 p.m. in Seventh church, 1240 North Hayworth avenue; Thursday at 8 p.m. in Second church, 538 West Adams street, and next Friday from 12:10 to 12:50 noon in Third church, 734 South Hope street. Miss Coulson is a member of the board of lecture of the Mother Church, the First Church of Christ, Scientist, Boston.

FOX FORMS NEW TALKER TEAM

Paramount Star Will Be Directed by John Cromwell; John McCormack Arriving Soon in Hollywood; Sam Rork Back Today—Heads Company

BY GRACE KINGSLEY

Fox officials hold the sound doctrine that if a certain kind of picture team is pleasing to the public, it is very likely also amusing.

Whereupon we learn that the organization is planning on making a regular team of Robert Ames and William Harrison, now working under the direction of Donald Gallagher in "Nix On Dames."

The contrast is between Ames and Harrison, who are portraying a couple of bashful swains, and Messrs. McLaglen and Lewis.

It is reported that "Nix On Dames" is a very entertaining picture and already another story starring the two principal actors and to be directed by Gallagher is being written.

Both Harrison and Ames are well known on the stage, having appeared in notable stage productions in New York and other large cities.

Gallagher, now turning director, is now crowding them in at the Chinese. Since his affiliation with Fox he has been directing with much success.

WILLIAM POWELL TO PLAY GAMBLER ROLE

It is all settled as to just what William Powell will do as his next effort for Paramount.

The story selected for him is called "The Color of Money." It was written as an original by Oliver H. Garrett, and in it Powell will have the role of a gambler. Pay Wray will be his leading lady, and John Cromwell will direct. Miss Wray seems to be Powell's artistic affinity, inasmuch as she is playing the lead in his first Paramount starring vehicle, "Poisoned Heels," on which the actor is now at work.

Howard Eustabrook is preparing the continuity and dialogue for the picture.

John McCormack Arriving

It isn't long now before that Irish idol, John McCormack, will be walking the streets of Hollywood. The great singer has already arrived in New York, and on the 18th inst. he will sail for the Panama Canal for California, arriving here on November 2, winds and tides favoring.

McCormack will almost at once start work on the interiors of his first Fox vehicle, the exteriors for which were made in Ireland.

Jetta Goudal Returns

Jetta Goudal has returned from New York, bearing with her the manuscripts of four plays, which she is reading, and which will appear later in New York.

In the meantime, there is a possibility that Miss Goudal will sign for a picture, negotiations to that end being under way.

Marjorie Rambeau Draws Starlets

A very sensible lot of baby stars are the "Wampus" girls. They are planning to view Marjorie Rambeau and, incidentally, their co-baby, Ethelwyn Clair, in Miss Rambeau's first Vine-street picture, "What Women Want," which opens later starting vehicle.

Not only do these actresses want to give their sister-in-law a warm hand, but also they realize that they can learn a lot about acting from the brilliant Miss Rambeau.

Miss Clair is making her stage debut in the play and the Wampus baby stars who will attend include Betty Boyd, Josephine Dunn, Loretta Young, Helen Twelvetrees, Caryl Lincoln, Ed Blinn, Mona Rico, Dorothy Gulliver, Sue Carol, Sally Eilers and Duane Thompson.

Sam Rork Returns

After an absence of many a long day Sam Rork, well-known producer of pictures, formerly associated with First National, is returning home today. He has been in New York during the past several months and during his absence has associated himself as general production executive with a newly formed picture company, known as Fine Arts Pictures.

Accompanying Rork are Nathan Vidor, president, and Colin W. Brown, vice-president and general manager of Fine Arts.

Juliette Compton in It

That clever young actress, Juliette Compton, who was born in this country but who has made most of her success in London stage and in English pictures, has just been signed by United Artists.

Miss Compton will have a featured role in Harry Richmond's picture, "Boy," which is going into production at United Artists.

Juliette Compton

Harry Sweet Goes Actor

Harry Sweet, who used to write and direct for Fox, has turned to his first occupation, acting. The player has just been signed by R-K-O to play an important comedy part in "Hit the Deck," which Luther Reed is directing.

New Noise on Talkie Row

One of the newest entrants into the field of talking pictures is the recently formed Radiophone Pictures Corporation of Hollywood. This organization, which is headed by Fred J. Balaban, pioneer film producer, James Cunningham, vice-president,

and Fred O. Walker, production manager, will devote its activities to the producing of Spanish and English all-talking and singing pictures.

The company's first completed product is a short Spanish and English operetta, "The Gypsy Love Call," which features Maria Fern, concert and vaudeville prima donna. Manuel Perez, noted Spanish dancer, and Felipe Delgado, opera and concert singer.

Two for "Hot for Paris"

Now that Raoul Walsh is starting work on his newest Fox picture, "Hot for Paris," he is adding new names to his cast every day.

Victor McLaglen is starred. Anita Edwards and Greta Granstedt are the two latest additions. Edwards is to have the leading comedy role.

The stage is brilliant and satirical in the comedy and as an actor playing a role within a role in a manner tending to satirize his own profession, Horton is presented with possibilities rarely granted on the stage. The dual role appears to be ideally fitted for his talents.

Paris is not a sequel to the sequel of "What Price Glory," via a follow-up to "The Cock-Eyed World," which was a sequel to the Chinese. Such a sequel will be made early next year.

Horton Essays

Dual Role in Comedy Drama

The secret of Edward Everett Horton's portrayal of a dual role in "The Command Performance," a romantic comedy of royal intrigue and the stage at the Majestic Theater, has been revealed.

In the comedy, Horton interprets the role of a young prince and an actor. The latter at a queen's command is forced to invade a rival royal house as a princely lover.

The stage is brilliant and satirical in the comedy and as an actor playing a role within a role in a manner tending to satirize his own profession, Horton is presented with possibilities rarely granted on the stage. The dual role appears to be ideally fitted for his talents.

ROGERS PICTURE

IN NEW RECORD

"They Had to See Paris," with Will Rogers as the star, has surpassed the third week records made by "What Price Glory," "Lilac Time," "Serenade Heaven" and "The Iron Mask" at the Carthy Circle Theater, it is reported.

Word-of-mouth publicity on the Rogers talking, singing comedy romance of Paris and Oklahoma has been particularly good, resulting in patronage building up steadily from the second night of the engagement. "What Price Glory" has held the Carthy Circle Theater record since the house opened but now Will Rogers goes into first place.

"AFTER DARK" TO CLOSE RUN SOON

Although "After Dark" has registered one of the largest box-office hits in several seasons, there is no possibility of extending the run at the Biltmore.

"Bird in Hand" is slated to follow the old-timer at the Biltmore, while the Mason will be given over to "Foolish Things." The company of "After Dark" is booked for all the important eastern cities and even were local time available the company could not be retained.

Bishop Stevens

Will Celebrate

Dr. W. Bertrand Stevens, bishop of the Episcopal diocese of Los Angeles, tomorrow will observe the ninth anniversary of his consecration as bishop.

A breakfast in honor of Bishop Stevens will be given by the clergy of the diocese at the Cathedral of the Holy Communion at St. Paul's Cathedral at 7:30 a.m. Bishop Stevens was consecrated in the old pro-cathedral October 12, 1926, having come to Los Angeles from St. Mark's Church, San Antonio, Tex.

CITY WILL RECEIVE FLAG FROM LEGION

A flag will be presented to the city on the Spring-street steps of the City Hall tomorrow morning at 9:30 o'clock by Sunshine Post No. 251, American Legion. The presentation will be made by John R. Quinn, past national commander of the Legion, and the colors will be accepted by Mayor Porter. The flag is to be unfurled from the pole recently erected west of the forecourt.

CURRY'S FUNERAL TODAY

Funeral services for John F. Curry, for many years prominently identified with the Apple Coffee Company of Los Angeles, will be conducted today at 2 p.m. at the Godeau & Martinelli chapel, 828 West Washington street. Burial will be in Inglewood Park Cemetery. Mr. Curry, although in ill-health, died suddenly from heart disease the 4th inst. at his home at 1724 Marginal street. He leaves his widow, Mrs. Lucy E. W. Curry.

BROKER PLEADS FOR PROBATION

Jackson Admits Guilt on Two Theft Counts

Hollywood Man Accused of \$100,000 Frauds

Twelve Other Charges May be Dismissed

Herbert R. Jackson, Hollywood broker who is said to have defrauded numerous clients out of a total of approximately \$100,000 by his asserted "bucket-shop" operations, yesterday pleaded guilty to two of fourteen counts of grand theft, when taken before Superior Judge Wood for trial.

Jackson filed an application for probation, which went over to the 25th inst. for hearing, at which time action also will be taken on the remaining twelve counts.

Under his plea to two counts, Jackson faces a prison term of from two to twenty years. It is expected the remaining counts will be ordered off calendar following the probation hearing.

The two counts to which Jackson pleaded guilty accused him of the theft of \$150 worth of stock from P. W. Coffin and \$1600 worth of securities from Mrs. M. D. Long. Jackson was arrested in Oakland following a raid in his offices on Hollywood Boulevard. Dep. Dist. Atty. Clark, who prepared the State's case against the broker, said the evidence indicated Jackson received money and securities from clients for reinvestment, then filed orders for stocks which he believed would go down in price. When the stocks rose instead, Clark said, Jackson was unable to meet his obligations to his clients.

Jackson was represented in court yesterday by Attorney Milton M. Golden.

Hollywood Wife in Liquor-Plot Case Arraigned

Rose Smith, wife of Tex Smith, asserted Hollywood bootlegger, who with her husband, is charged in a grand jury indictment with conspiracy to violate the Wright Act, was arraigned before Superior Judge Aggeler yesterday. The court fixed the 14th inst. as the date for her to enter her plea. The woman then was released under \$10,000 bond.

Smith still is at liberty, warrant officers having been unable to find him. Six unnamed men and women designated only as Jane and John Doe also are named in the indictment.

SCREEN ACTRESS OBTAINS DIVORCE

Betty Pierce

Betty Pierce, film and screen actress, obtained a divorce from her husband, Benjamin P. Seris, stock broker, in Superior Judge Gates' court yesterday on charges of cruelty. She was awarded as a property settlement \$15,000 worth of real estate, a home in Beverly Hills and \$350 a month alimony.

Questioned by her attorney, Milton Cohen, Mrs. Seris told how her husband had accused her of intimacies with other men and related that he employed "a lot of cheap detectives" to follow her around. "And once," Mrs. Seris said, "he punched me on the nose. That was when I left him for good."

The couple were married in Greenwich, Ct., in 1926. They separated September 28, last.

DISHES SCHEDULED FOR COOKING CLASS

The following preparations will be demonstrated this afternoon at The Times Cooking School in the Southwest Building, 130 South Broadway: Dutch prune pudding, white cake (request), German sweet potatoes, Indian beef curry and tomato vegetable. Free classes meet every Tuesday and Friday in the Southwest Building and all recipes are prepared by Mrs. Mabel Wyman, Times cooking school chef. Chef Wyman will answer questions pertaining to cooking or utensils.

POLICE TOOK BRIBE, HE SAYS

McDonald Testifies Trio Raided His Liquor Plant and Were Paid \$600 "Protection Money"

Three police officers raided his liquor-aging plant and took \$600 "protection money" from him, Harry D. McDonald, asserted bootlegger, testified yesterday in Superior Judge Wood's court as the State's principal witness in the trial of Oscar L. Peterson, Harry M. Hill and Leonard F. Sale, charged with bribery.

Marine Airman Denies Honor of Heroic Flight

How he won the Distinguished Flying Cross was told yesterday by Lieut. Hayne D. Boyden, Marine Corps aviator, who flew the Miss Los Angeles No. 113 to the Curtiss Flying Service hangar at Mines Field Wednesday. Lieut. Boyden related this in order to give credit to a brother officer for an exploit with which he was credited erroneously in an account printed yesterday. It also was reported incorrectly that he and Mrs. Boyden, who accompanied him, were passengers piloted by Vera Dawn Walker, whereas the marine aviator flew the ship which Miss Walker had used in the women's air derby.

"What I did was to make an air reconnaissance and report back that a marine detachment was besieged at Octol," explained Lieut. Boyden. "The routing of the Sandino rebels surrounding the marines there was done by Maj. R. B. Rowell, commander of the marine flyers in Nicaragua, who led five planes to Octol and relieved our men. He received the Distinguished Flying Cross for that."

For his part in the aerial exploit, Lieut. Boyden received Distinguished Flying Cross No. 51, two months ago. He is stationed at the marine base, Quantico, Va. Taking thirty days leave, he joined Mrs. Boyden, who resigned from the Beebe oceanographic expedition in order to join her husband in a flying trip to Los Angeles. A marine flyer of eleven years' experience, the lieutenant flew here from New York in thirty-two hours elapsed flying time, making several stops.

The Boydens were greeted upon arrival by Douglas McLean, screen actor, and uncle of Mrs. Boyden, whose guests they are during their visit here.

ART TALK ANNOUNCED

Miss Anita Delano of the art department of the University of California at Los Angeles will speak on "The Art of Water Color Painting" at 2:30 p.m. tomorrow at the Los Angeles Museum, Exposition Park. The address, sponsored by the museum, will be illustrated with references to the current exhibition of the California Water Color Society, of which Julian E. Garney is president.

ANTINK MURDER CLEW REVIVES

Miller's Alibi Reported to Have Fallen Down

Police Cling to Theory That He Was in City

Name Not Found on Register of New York Hotel

Corroboration of the belief that Morrie Miller, alias Moll, one of the suspects in the murder of David Antink, Sun Realty official, was not in New York City on the date of the murder, as he is supposed to have informed his attorney, W. Quinn, of Chicago, was strengthened by receipt of word from Chief Inspector O'Brien of New York City yesterday. Captain of Detectives Cato announced.

O'Brien declared that an investigation disclosed that Miller had not registered at the Pennsylvania Hotel on or about the date of the murder here as he is said to have communicated to his attorney in Chicago, according to Cato.

BELIEVED STILL NEAR

"This coincides with the information we have had for the last two weeks," Cato said, "that Moll was in Los Angeles on the date of the murder and still is in the vicinity. We obtained that information here and though we cannot release any details, it is a fact that two of our men have been constantly trailing persons with whom Moll associated."

Antink was slain on the afternoon of September 26, last, within a short distance of his home at 717 North Fuller street. As he approached an alley two men leaped out of an automobile, struck him down with a window sash, weighed and then fired seven bullets into his body as he lay on the sidewalk.

Several witnesses were menaced by the gangsters before they fled in a large sedan driven by a third man.

BLAIR ALIBI HOLDS

Police believe Antink was slain because of his identification in St. Paul, Minn., early this year, of Morrie Moll as one of three bandits who robbed him of many thousands of dollars in 1924. Moll escaped from St. Paul authorities by jumping \$10,000 bail. Antink's testimony was instrumental in sending Grandville Blair and Elmer Dowdy to San Quentin.

The latter is still there. Blair was released on parole in 1928. In connection with Antink's murder Blair is said to have established an iron-clad alibi by being in communication with State Parole Officer White in San Francisco on the day the reality man was slain.

RABBIS WILL LEAD UP TO YOM KIPPUR

Preparatory Services in Synagogues Start Today for Those of Jewish Faith

Programs of exceptional interest will be conducted today, tomorrow and Sunday at various synagogues of Los Angeles in preparation for Yom Kippur, or the Day of Atonement, to be observed by members of the Jewish faith next Monday.

"Childhood in Exile" is the subject of an address to be given by Rabbi E. P. Magnin at 8 p.m. today at Temple B'nai B'rith. Dr. Magnin's topic for 10:30 a.m. tomorrow is "Jewish History and Literature." At the Kol Nidre services next Sunday evening Dr. Magnin will discuss "Religion and Science." The services at the Temple next Monday will begin at 10 a.m. when Dr. Magnin will speak on "Education and Intelligence."

A memorial service will feature Monday afternoon's program. Services for the Junior Congregation will be conducted by Rabbi E. Dubin at the Temple House auditorium on Monday from 10 a.m. until noon and from 3 to 5 p.m.

At Temple Israel of Hollywood, 1904 North Argyle avenue, Rabbi Isidor Isaacson will preach this evening on "How Sorry Are We?" The topic for next Sunday evening is "Do We Need a New Morality?" At 10 a.m. Monday the sermon topic will be "More Mysteries in Life Than Are Sensed," and the memorial services at 4 p.m. Monday will be featured by an address by Dr. Isaacson on "How Do We Know We Are Immortal?" A service for children will be conducted by Ben Goldman at 9 a.m. next Monday at the Temple House, 1738 Ivar street.

LIQUOR OWNER FINED

Found guilty by a jury of possession of 600 gallons of intoxicating liquors in violation of the prohibition law, Johnny Capigallo yesterday was fined \$300 by United States District Judge Pollock.

RECORD LOAD OF AIR MAIL LANDS

More than Two Tons Brought in Three Planes From Salt Lake City

With the arrival here late yesterday of 4628 pounds of air mail over the Western Air Express line from Salt Lake City, the largest shipment ever to come westward, clerks at the central postoffice were rushed last night in sorting for delivery the 117,120 pieces.

The mail was destined to managers of Fox West Coast Theaters from the New York offices of the company. It is in connection with the silver jubilee anniversary celebration of Fox West Coast Theaters Monday.

An F-10 Fokker of W.A.E. carried 2900 pounds, a Boeing, 1000 pounds, and a Douglas, 328 pounds.

Children's Store—Fourth Floor

LISTERINE TOOTH PASTE

It saves you enough to buy a dozen handkerchiefs

Buy yourself some handkerchiefs with what you save by using Listerine Tooth Paste at 25¢ the large tube, instead of dentifrices in the 50¢ class. The saving averages about \$3 per year per person, assuming you use a tube a month.

Your teeth can be WHITE LUSTROUS BEAUTIFUL

BRUSHED with the correct dentifrice, teeth that now are unattractive may become lustrous and beautiful—and in a very short time.

We waited many years before producing a tooth paste. During that time we studied every phase of dental caries (decay) and oral hygiene.

At last we produced a remarkable dentifrice—and gave it our name.

Now we ask you to try it—to give it a thorough trial. We ask you to note how naturally and gently it removes discoloration and tartar. Note, too, the wonderful luster it imparts to teeth.

That is due to modern ingredients which first cleanse, then polish. They are harder than tartar, so destroy it. But they are softer than enamel, therefore are harmless to it.

And remember that Listerine Tooth Paste costs you 25¢ not 50¢. A clear saving of about \$3 per year. Lambert Pharmacal Company, St. Louis, Mo.

ARLYLE HERO AS STARS WIN

Clouts Two Home Runs, Triple and Single

Shellenback Twirls Sheiks to First Victory

Scene Switches to Wrigley Field Today

RUSSELL J. NEWLAND

Associated Press Sports Writer

SAN FRANCISCO, Oct. 10. (AP)—

Shellenback's Stars came back with a bang today and trounced the San Francisco Giants, 11-3, in the third game of the championship play-off for the 1936 Pacific Coast League pennant.

For two innings the second-half winners of the split season were blanketed by Herman Pillella, but from that time on it was a carnival of baseball until the Mission right-hander was out of the box in the seventh.

led by Chico Carlysle, center fielder, whom four hits included homers, a triple and a single. The slam pounded Pillella and Harry Krause for sixteen runs. Carlysle's batting feat was only a little more spectacular than that of Frank Shellenback, winning pitcher, who hit home and singled twice to score in three runs.

REDS TAKE LEAD

The Mission went into the lead in three runs in the second frame. Shellenback settled down and led steady baseball after that. Mission rally in the ninth, after a pinch hitter had failed to deliver, netted one tally.

Hollywood pushed over two runs in the third. Shellenback's error into the left-field bleachers during the fourth inning followed in the fourth and fifth frames. Carlysle started the homecoming sweetest with a single and came home on Shellenback's single. In the sixth Carlysle homered over the outfield fence, scoring Funk and Krause. A seventh-inning rally netted the Stars three runs. Funk and Carlysle scored on a double brought in with a shortstop error. Heath scored on Helmer's error when the latter threw-in to the plate. Carlysle's fourth drive in the eighth scored Funk.

SMALL TURNOUT

Today's crowd was even less than the preceding two days with only 1800 persons in the park. The game will be played tonight for the series will be played. The Stars won the first two games.

MACKS, CUBS RESUME DIAMOND FEUD TODAY

MAYLE HERO AS STARS WIN

Two Home Runs, Triple and Single

Twirls Sheik to First Victory

Some Switches to Play Field Today

PHILADELPHIA, Oct. 10. (AP)—The Athletics came back with a bang today to resume the baseball feud with the Chicago Cubs.

The warring forces met in the third game of the 1929 world's series tomorrow afternoon at Shibe Park with the prospect of another cool and cloudy day, a capacity crowd of about 38,000 and the greatest outburst of baseball enthusiasm in Philadelphia's history.

With the rubber game, the Athletics, with two straight victories under their belts, renew their charge toward the world's championship while the Cubs make a desperate effort to reform their riddled ranks, recover their batting eyes and check the most disastrous rout the first of the National League have ever known.

The A's need only two more victories to settle the series and crown the career of their 37-year-old chieftain, the patriarchal Connie Mack, with a fourth series triumph that would give him a new world's record. No manager has ever won more than three world's series, a mark that the venerable, beloved Philadelphia strategist reached in 1913, alone, but later has been forced to share with his two New York rivals, John McGraw and the late Miller Huggins.

The Mackman has three pos-

itions to settle the series and crown the career of their 37-year-old chieftain, the patriarchal Connie Mack, with a fourth series triumph that would give him a new world's record. No manager has ever won more than three world's series, a mark that the venerable, beloved Philadelphia strategist reached in 1913, alone, but later has been forced to share with his two New York rivals, John McGraw and the late Miller Huggins.

BENGALS FACE LOBOS IN ROSE BOWL TILT TONIGHT

New Mexico University Team Come by Air, Rail for Intersectional Game With Occidental Eleven

Winged Lobos of New Mexico University literally flew into town yesterday, staged a brief rehearsal at the Rose Bowl last night, and this evening at 8:15 o'clock meet Occidental College in the first intersectional football game of the current season.

Accompanied by Assistant Coach H. W. Ellis, Graduate Manager Tom L. Popejoy, and Student Manager Charles Hickman, the team members of the Lobos departed for the game in the early morning hours of yesterday.

The team arrived in Los Angeles yesterday afternoon at 4:30 o'clock from Albuquerque, N. M., where they had a half-hour practice session.

The team will play the game at the Rose Bowl stadium, which is the first time the Lobos have ever played in the city.

The game is expected to draw a large crowd, and the Lobos are favored to win.

Trojans Expect Wet Gridiron

Coach Jones Has Southern California Athletes Practice With Damp Football in Sacramento Workout; Moses and Mortensen May Be Unable to Face Huskies

BY BEAVER DYER
Trojan Football Special

Oct. 10.—Forecasting the possibility of having to play on a wet field against the University of Washington at Seattle Saturday, Howard Jones, head coach of the Trojans, sent his squad of thirty-nine men through a workout at Sacramento.

The workout was held at the University of California at Sacramento, where the Trojans are currently practicing.

CUYLER EXPECTS CUBS TO RALLY

Chicago in Batting Mood, Says Outfield Ace

BY KIKI CUYLER
Chicago Cub Outfielder

PHILADELPHIA, Oct. 10.—After a day off the Cubs and Athletics are to start battling again and I have a feeling that the day off in which only two more games yet and need four. Naturally we feel life is fighting before us.

The Athletics have won two games and need only two more to win the series. We have a feeling that the day off in which only two more games yet and need four. Naturally we feel life is fighting before us.

UNTRIED HEROES STAK

Young Athletic Players Put Veteran Cub Players in Eclipse With Masterful Exhibitions

BY GEORGE MORIARTY
Big League Umpire

PHILADELPHIA, Oct. 10. (Exclusive)—Analyzing the baseball dope prior to the opening of the world's series is interesting in view of the result of the first two games. About a half dozen of the Cubs had previous experience in such a series but so far it has proved to be nothing more than a talking point.

Emmer, Fox, Cochran, Simmons, and their mates, heretofore untried in championship contests, have risen to the crest in the first two games because of their inherent calm temperament.

Beating the Yankees was the feat that made them mentally and courageously fit.

Malone and Earnshaw, two of the lusty right-handers who were boosted to the skies before the series, failed to

Opening on the home lot was supposed to be another advantage for the Cubs, but it went for Sweeney in the first two games. Add this to shattered dope—there has been only one attempt at the hit-and-run game, and it went blooey, and the stolen base is like a forgotten toy relegated to the attic.

The series is now ready to continue.

(Continued on Page 15, Column 5)

KANSAS CITY COPS, 9-1

ROCHESTER (N. Y.) Oct. 10. (AP)—Regaining their batting eyes, the Kansas City Blues treated five Rochester pitchers to a lesson in hitting today as the American Association title-holders won the seventh game of the little world series, 9 to 1. The victory gave Kansas City a lead of four games to three with the eighth game to be played Saturday.

ATHLETICS BIG FAVORITES TO TAKE THIRD CONTEST

Bruins Ready to Make Determined Fight for Victory; Expect Quinn, Root to Twirl

BY ALAN J. GOULD
Associated Press Sports Editor

PHILADELPHIA, Oct. 10. (AP)—After having battered their way through the western front on two successive days with a combination of slow curves and home runs, Connie Mack's Athletics came back to the old home town today to resume the baseball feud with the Chicago Cubs.

The warring forces met in the third game of the 1929 world's series tomorrow afternoon at Shibe Park with the prospect of another cool and cloudy day, a capacity crowd of about 38,000 and the greatest outburst of baseball enthusiasm in Philadelphia's history.

With the rubber game, the Athletics, with two straight victories under their belts, renew their charge toward the world's championship while the Cubs make a desperate effort to reform their riddled ranks, recover their batting eyes and check the most disastrous rout the first of the National League have ever known.

The A's need only two more victories to settle the series and crown the career of their 37-year-old chieftain, the patriarchal Connie Mack, with a fourth series triumph that would give him a new world's record. No manager has ever won more than three world's series, a mark that the venerable, beloved Philadelphia strategist reached in 1913, alone, but later has been forced to share with his two New York rivals, John McGraw and the late Miller Huggins.
